STATE NORMAL SCHOOL CALENDAR

1921-1922

FIRST QUARTER

September 12th, Monday—New Session opens.

Preliminary Registration.

Entrance Examinations begin.

September 13th, Tuesday—Examinations end.

Registration and Classification completed.

September 14th, Wednesday—Regular Class Work begins.

November 24th, Thursday—Thanksgiving Day.

December 1-2, Thursday and Friday—First Quarter Examinations.

December 2nd, Friday—First Quarter ends.

SECOND QUARTER

December 5th, Monday—Second Quarter begins.

December 25th, Sunday—Christmas Holidays begin.

January 2nd, Monday—Christmas Holidays end.

March 2-3, Thursday and Friday—Second Quarter Examinations.

March 3rd, Friday—Second Quarter ends.

THIRD QUARTER

March 6th, Monday—Third Quarter begins.

May 18-19, Thursday and Friday—Senior Class Examinations.

May 22nd, Monday—Industrial Exhibition.

May 25-26, Thursday and Friday—Third Quarter Examinations.

May 26th, Friday—Meeting of the Alumni Association.

May 26th, Friday—Commencement Day—Session Ends

EXPENSES

Each student should give attention to the following:

1. Entrance Fee.....\$ 6.00 (\$2.00 each Quarter)
2. Fuel..... 10.00 (5.00 First & Second Quarters)
3. Lights..... 10.00 (5.00 First & Second Quarters)
4. Vocal and Instru-
mental Music..... 18.00 (6.00 each Quarter)
5. Board and room \$11.00 per month.

All fees are due at the beginning of each Quarter. Money will not be refunded to students leaving school, except for good reasons. Remittance in payment of bills should be sent by postoffice money order or registered letter, and made payable to the Principal and not to the student.

All students who room in the Dormitory will be expected to pay board, room rent, and lights as stated above.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$16.00 tuition. The school is sustained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least one month's expenses and the annual fees before they can be registered.

All students are required to give at least one hour of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year. Students must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No student who is behind on the books for more than 15 days will be admitted into the dining hall or classes, unless permission is given by the Principal.

Some of the young ladies who board in the Girls' Dormitory may reduce their expenses by washing dishes and waiting on tables regularly.

DEPARTMENTS OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

This department of the institution is being made more and more a real Normal School. It is designed to prepare teachers for the public schools of the State. The school includes the practice school department and a Supervisor of the same.

Three things especially are undertaken in this department:

1. Grounding the students in the common school branches, with special reference to teaching these subjects;
2. Acquainting them with the most approved facts of the history and science and art of education;
3. Illustrating in the practice school for the benefit of the young teacher the fact thus learned.

Our constant effort is to give the student such a well rounded culture of head, hand, and heart as should ever enable the industrious and conscientious teacher to do his best in assuming and discharging the weighty responsibilities of his great calling.

It is the purpose of the management to make this department of the institution more and more professional, bringing it up as rapidly as possible to the grade of the standard normal schools of the country.

It is proposed, under the supervision of the representative of the State Department of Education, to give the State a real Normal School—such as will command the respect of the promoters of educational science and practice at home and abroad.

This department will offer courses in sewing, cookery, household economics, etc., for girls; carpentry, agriculture (including dairying), bricklaying, plastering, etc., for boys.

THE MUSICAL DEPARTMENT

This department offers special advantages for studying piano and public school music.

10 *STATE COLORED NORMAL AND INDUSTRIAL SCHOOL*

A choir has been formed among the best singers for the purpose of studying choral music, and rendering cantatas and operettas from time to time, as well as leading in the chapel service.

A CHRISTIAN SCHOOL

While this school is a State institution and is not under the care of any religious denomination, it is positively Christian. The institution is, in a sense, interdenominational rather than undenominational. The religious training of the pupils is, therefore, by no means neglected. Devotional exercises are held in the chapel every school day and on the Sabbath. Besides the Sabbath school and Y. W. and Y. M. C. A. services, prayer-meeting is held every Wednesday after school and every Sunday night.

COURSES OF STUDY

JUNIOR HIGH SCHOOL

1. ENGLISH:

- a.* Literature: Ancient Mariner; Review of Stories for Supplementary Reading in Primary Grades (see course of study for rural schools; Lady of the Lake; Courtship of Miles Standish; Evangeline; Story of Slavery.
- b.* Grammar: Reed and Kellogg's Higher Lessons in English, completed.
- c.* Oral and written reproduction of stories, copying, dictation, composition.
- d.* Spelling: Chase, Williams, and Griffin. Teach phonics.

2. ARITHMETIC: Milne's Progressive, Third Book, completed.

3. SCIENCE:

- a.* Cooking and Sewing, theory and practice. (Williams & Fisher.)
- b.* Physiology: Culler's Third Book, first term.
- c.* Agriculture for Beginners: Hill, Burkett, and Stevens, second term.

4. HISTORY: Muzzey's United States History.

5. VOCAL MUSIC: Aiken's Music Courses.

6. PROGRESSIVE DRAWING, V and VI, completed.

7. BERRY'S WRITING, VII and VIII, completed.

8. PEELE'S CIVIL GOVERNMENT, completed.

NORMAL DEPARTMENT

FIRST YEAR

1. ENGLISH:

- a.* Literature: Silas Marner, Idylls of the King, Ivanhoe, Story of Slavery.
- b.* Practical English for High Schools, by Lewis and Hoscic.
- c.* Practice Exercises in written English.
- d.* Spelling: Chase, Williams, and Griffin.

2. MATHEMATICS:

- a.* Milne's High School Algebra to Quadratics.
- b.* Practical Arithmetic.

3. SCIENCE: Tarr's Physical Geography.

4. HISTORY: General History.

12 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

5. ADVANCED READING: Essentials of Character by Sisson.
6. PROGRESSIVE DRAWING, VII and VIII.
7. VOCAL MUSIC:
Required subjects: English, Mathematics, History, Science.
Elective subjects (elect one): Agriculture or
Manual Training, for boys; House Economics, for girls.

SECOND YEAR

1. ENGLISH:
 - a. Literature—Pace's American Literature with Readings alternating with English Classics.
 - b. Composition and Rhetoric—Thomas and Howe (Revised).
 - c. Practical exercises in written English.
 - d. Letter Writing.
2. SCIENCE: Commercial Geography—Robinson; Caldwell & Eikenberry.
3. HISTORY: Myers' General History, completed.
4. LATIN: Gunnison and Harley—Beginner's Book.
5. MATHEMATICS:
 - a. Milne's High School Algebra, completed.
 - b. Business Arithmetic by Walsh.
7. ECONOMIC AND SOCIAL STUDIES.
Required subjects: English, Mathematics, Latin, History.
Elective subjects (elect one): Social and Economic Studies, Science, Agriculture, or Manual Training, for boys; Household Economics, for girls.

THIRD YEAR

1. ENGLISH: College Requirements in English.
2. LATIN: Caesar's Commentaries.
3. FRENCH OR BOOKKEEPING.
4. MATHEMATICS: Wentworth's Plane Geometry.
5. HISTORY: English History.
6. SCIENCE: Physics; First Principles of Physics, by Carhart and Chute; Botany.
7. PEDAGOGY AND PRACTICE TRAINING: School Management by Betts.
8. ECONOMIC AND SOCIAL STUDIES by Ellwood.
Required subjects: English, Mathematics, Language, Science, Pedagogy (alternating with Social and Economic Studies).
Elective subjects: History, Agriculture or Manual Training, for boys; Household Economics, for girls.

FOURTH YEAR

1. ENGLISH: College Requirements in English.
2. SCIENCE: Chemistry by Kahlenburg and Hart.
3. LATIN: Cicero's Orations or French.

4. PUBLIC SCHOOL LAW.
5. MATHEMATICS: Plane Geometry—Wentworth and Smith. Solid Geometry—Wentworth and Smith.
6. HISTORY: History of Education by Graves.
7. PEDAGOGY: Educational Psychology and School Management by Colgrove.
8. ECONOMIC AND SOCIAL STUDIES.

Required subjects: English, Mathematics (Plane Geometry), Language, Science, Pedagogy (alternating with Social and Economic Studies).

NOTE 2. Spelling, Writing, Vocal Music, and Drawing will have a place on the program daily.

In the practice and observation work the presence of a critic teacher gives the practice teacher the benefit of helpful supervision and the opportunity of being helped on specific and general school work daily. Each practice teacher must prepare outlines of the subjects she teaches, which will set forth the method and purpose of her work. She will be aided by the critic teacher.

PRACTICE SCHOOL DEPARTMENT

Observation and Practice Teaching

The time each graduate student spends in the Practice School is equivalent to sixty minutes. At times the student-teacher is put in charge of the Practice School, in order that she may have practice in managing a whole school.

Course of Study

It is sometimes necessary, on account of the poor preparation of those who apply for entrance to the classes of the normal schools, to have a good primary and preparatory school in connection with each normal. It is also necessary to have such a school in which candidates for graduation from the normal schools can be required to teach prior to graduation. Therefore, all candidates for graduation will be required to teach in the Practice School.

The course of study for the elementary school of seven grades is the same as that required in the State's public school system.

Manual Training for Boys

As soon as possible the Board of Trustees will have a building constructed here which will be used for boys and young men who may attend this institution.

14 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

Domestic Science

There is no vocation in which young women may be more useful than in the profession of Domestic Science and Domestic Art. Those who qualify for this work are greatly in demand as teachers, cooks, seamstresses, and housekeepers. They may preside over their own homes as well as others with greater efficiency and dignity.

Each class receives instruction in making a kitchen fire, in cleanliness, dish-washing, care of the kitchen, and serving. The instruction outlined above is given in conjunction with the preparation of meals, etc.

TEACHER-TRAINING COURSES

Normal Department

THIRD YEAR

1. CHILD STUDY: The study of the child mind in its relation to the teacher's work.
2. METHODS OF TEACHING: A careful review of the common school branches (Grades 1-7), with a study of methods of presentation.
3. PRACTICE TEACHING: The student has both observation and practice in the Practice School Department.
4. PUBLIC SCHOOL MUSIC: Public school music is important, therefore Practice School teachers should have a good knowledge of it and teach the same to their pupils.

FOURTH YEAR

1. SOCIAL AND ECONOMIC STUDIES: Emphasis on the relation between education and social and economic problems, especially as they apply to the Negro. Class-room work to be supplemented by visits to other schools and surveys of various community conditions of the city and nearby rural territory.
2. HISTORY OF EDUCATION: Monroe's Brief Course in the History of Education or another. Showing the course of events in education leading up to our present system.
3. METHODS OF TEACHING: Similar to 2 of the first year, but to be applied to Grades 5 to 7 inclusive.
4. PRACTICE TEACHING: Students will be given opportunity to do substitute work in the Practice School. During the year each student will be given an opportunity to take full charge of a school or class for a week or more at a time.

HOUSEHOLD ARTS COURSES

The course in Household Arts aims to make the student familiar with the best and most economical methods of home-making and housekeeping and trains students to teach Household Arts.

The course of study includes cookery, advanced cookery, and serving; dietetics and invalid cookery, sewing and drafting, dressmaking, art needle work and textiles, physiology and home nursing, household management, organization and equipment, art decoration, food study, general science, observation and practice teaching and professional subjects.

COOKERY: This course includes lectures, the care of the kitchen and its furnishings; the principles of cookery; the selection and combination of foods for the body; food production and manufacture, and the preservation of foods.

ADVANCED COOKERY AND TABLE SERVICE: This course provides for the planning of menus and the preparation of meals to be served by the members of the class; in table service, the intelligent buying of glass, china, and linen is considered; the laying of the table, including decorations; serving breakfasts, dinners, luncheons, and teas; suitable dress and the care of the dining-room and pantry.

DIETETICS AND INVALID COOKERY: Dietetics is studied in order to understand the relation of food to the body in health and disease and to teach the scientific principles underlying food preparation and their practical application to the needs of the body. Diets for different diseases are studied, also the feeding of infants and young children. In invalid cookery the principles of dietetics are developed and the food values of ordinary foods are determined. Elementary chemistry is a prerequisite to this course.

SEWING: This subject provides a practical course in the elementary phases of needle work, beginning with the simplest forms and leading to the making of appropriate wearing apparel. The work includes the use and application of the eighteen primary stitches employed in handwork and implements necessary for sewing.

DRAFTING: The Snow system of cutting and drafting is used; a suit of undergarments and a wash dress are made. The student is taught the use and care of the sewing machine.

DRESSMAKING: The purpose of this course is to teach the art of dressmaking. This includes the drafting and designing of patterns, also the cutting and making of dresses. The use of copyrighted patterns is considered.

ART NEEDLE WORK: It is planned to give a knowledge of design and its application, also to give skill in fine needle work in the making of garments and household furnishings. The following lines of work are taught: Design as applied to material and its adaptation to particular kinds of needle work, and needle-work stitches, as hemstitching, fancy darning, applique, cross-stitching, scallops and dots, eyelet embroidery, French embroidery, drawn work, and crocheting.

MILLINERY: The purpose of millinery is to develop skill in the handling of materials and to create a taste in their selection. Fall

16 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

and spring millinery includes frame making, remodeling an old hat, making a new one, renovating and cleaning velvet, felt, feathers, and ribbon.

DESIGN: This course includes training in the general principles of design.

TEXTILES: In this course provision is made for a study of the development of industries pertaining to the domestic arts, viz.: weaving, spinning, and a closer study of the four textile fabrics—cotton, wool, flax, and silk. This study includes a discussion of fibers, methods of manufacturing, the process of weaving and dyeing, and selection of materials according to their wearing qualities and suitability for garments.

PHYSIOLOGY: The purpose of this course is to teach the functions of the various organs of the human body with special reference to the physiology of nutrition and the maintenance of a healthy organism.

HOME NURSING: In this course the students are taught the home care of the sick; the location and care of the sick-room; what to do in case of accident until the doctor comes and how to assist him, and the use of a few simple remedies.

HOUSEHOLD MANAGEMENT: Under this head various topics are considered, as house sanitation, cleaning and cleaning agents, care of materials, relation of income to expenditure, the systematic arrangement of household duties and business methods.

ORGANIZATION AND EQUIPMENT: This course has as its aim the working out of the relation of the domestic science subjects to the home, the organization of a course of study, and a careful consideration of equipment.

FOOD STUDY: The design of this course is to give a knowledge of the foodstuffs and to show how dietary conditions may be improved. This leads to intelligent selection, combination, and preparation of foods and to a thorough understanding of physiological requirements of food in the body.

COOKING UNIFORM: Each student is required to wear, when cooking, a plain white or light shirt waist and provide a large apron.

TEXT-BOOKS

FIRST AND SECOND YEARS

Elements of the Theory and Practice of Cooking, by Williams and Fisher.

Government Pamphlets.

THIRD AND FOURTH YEARS

Foods and Household Management, by Kinne and Cooley.

REQUISITES

Notebooks, pen and ink.

Practice School Department

EIGHTH GRADE

Sequence. The Meal. The Home.

Continuation of canning of fruits and vegetables. Preserving fruits. Serving of fruits for meal. Study of the structure and care of sink, variety in preparation and serving of vegetables, use of left-overs, omelets and custards, preparation of inexpensive luncheon dishes, escalloped dishes, and meat substitutes. Study food principles, food sanitation, water and milk supply; cream dishes on toast, cooking of dried foods, beans, peas, fruits, casserole cookery. Vegetables, salads, boiled and French dressing. Steaming and leavenings, suet pudding, commercial plum pudding. Comparison. Review. Breakfast, planning luncheon, marketing, preparing, and serving. Stew and soups. Source and use of gelatine. Small butter cakes, simple icing of cakes. Frying doughnuts.

~~Making window boxes, care of house plants, house cleaning, ventilation. Making and stocking a school medicine chest; how to care for emergencies.~~

~~Laundering; uniforms; removal of stains.~~

~~Freezing sherbets. Class party.~~

FIRST-YEAR NORMAL

Sequence. The Meal. The Home.

Pickling, sweet and sour pickles, use of dried fruits in making pickles.

Preservatives—home product versus commercial. Jellies and jams. Study commercial methods of preserving foods, cost. Study of dining-room equipment, simplicity (efficiency in arrangement) and harmony in furnishings, care of lined, brass, silver, glass, wood. Quality of cleaning materials. Pastry meringues, loaf cake, variations of butter cakes, icings. Study foods in relation to special needs.

Menu-making, varied use of cranberries, Thanksgiving dinner, ~~marketing for Thanksgiving basket to be sent to the poor; cost.~~

Practical work in sandwiches, hot and cold desserts, fancy bread, meats, fish; serving breakfast, dinner and supper at a limited cost. Steaming—fricassee chicken. Frying—fritters, left-overs. Soap-making. Treatment of wounds and bleeding, bandaging.

Plan picnic; lunch baskets. Study of industries—milk, butter, and cheese. Care of garbage can and refrigerator. Review. Making of baking powder and yeast. Buns, Easter dinner, color scheme. Principles of house furnishings. ~~Frozen custards. Class reception.~~

18 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

SECOND-YEAR NORMAL

Sequence. The Meal. The Home.

Home and food sanitation. Menu-making and table service continued. Special problems; simple facts of physiology emphasized. More advanced practical work in salads, salad dressings and accompaniment, batters and doughs, soups, hot and cold desserts, ices, candies, fancy omelets, cakes and icing (sponge cake). How to cook choice cuts of meats, study of hog, cuts and ways of preparing. ~~Marketing~~, study of prices and sanitary handling of foods, buying in bulk or small quantities. ~~Special attention to school children's lunches, packing lunch boxes, desirable foods.~~ Care of home and invalid cookery continued. Class reception, emphasis on harmony, etiquette, service, preparing for a large number, and cost.

THIRD-YEAR NORMAL

Sequence. The Meal. The Home.

Practical work along the lines of previous years. Dishes of more complicated nature prepared. Problems worked out by students independently. Application of principles learned. Cooking in quantities—breads, desserts, and special orders for dining hall. Emphasis on care of the home, house furnishings, and personal hygiene. Study of food principles, their source, composition, and food value.

Brief study of digestion, absorption, circulation, excretion, and storage. Emphasizing relation of food, its preparation, to health.

~~Study of fireless cooker (conservation), holiday festivities, preparation and sale of suitable foods, fruit cakes, candies, etc.~~ Study of commercial cleansing solutions and preparation of cleansing solutions.

Reception to graduating class. *Write*

FOURTH-YEAR NORMAL

Sequence. The Meal. The Home.

Advanced cookery with due attention to possibilities of the field for a livelihood.

Lunch-room cookery, ideas for conducting an Exchange, preparing foods in quantities, marketing to best advantage, care of food supply in the home, butter substitutes. Study of recipes with attention to substitution and adjustment. Sanitary and attractive display of foods. Adulterations—home products versus commercial products. Study of cleaning materials, effect on various metals.

Practice in useful demonstrations for general teaching. ~~Farmers' Institutes and Women's Clubs.~~

Selection of homes—what to look for, environment, disposal of waste, plumbing, etc.

Furnishing the home, simplicity, durability, cost. Machinery in the home, labor-saving devices; marketing and accounts; care of

sick room, guarding against contagion. Infants' care and feeding. General review—treatment of household pests; washing blankets; planning marketing; preparing and serving formal dinners to officials. (This is to be done independently by students).

DOMESTIC ART COURSE

Practice School Department

SEVENTH GRADE

1. Instruction—Cleanliness of hands, nails, and sewing aprons. Position in sewing; size of needles, length of thread, use of thimble and position of scissors.
2. Stitches—Basting, running, overcasting, stitching by hand, overhanding, hemming, etc.
3. Articles made—Sewing bag, apron, and simple pieces of underwear.
4. Material—Soft bleached muslin.

1st year JUNIOR HIGH SCHOOL YEAR

1. Instruction—Review of first year's work.
2. Advanced stitches and seams—French fells, flat fells, gathering, hemstitching, mitered corners on hems, etc. Plackets and racings. Study of cutting and joining a bias fold, how to cut a true bias. Use and care of sewing machine. How and when to oil machines.
3. Articles made—Simple underwear, darning, patching, aprons, and house caps.

Normal Department

FIRST-YEAR NORMAL

1. Instruction—Correct use of patterns. How to take simple measurements; apply to pattern. Cut and fit a plain waist; children's clothes; button holes and sewing on buttons. Matching stripes, checks, etc.
2. How to manipulate a machine—Names of parts, names and uses of attachments.
3. Articles made—Suit of trimmed underwear, children's clothes, plain house dress.

SECOND-YEAR NORMAL

1. Continuation of measurements, cutting garments by measurements taken; making skirts, shirt waists, and shirts. Study of embroidery, fancy stitches, crocheting, study of different figures.

20 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

Kind of lines for small and large women. Becoming costumes. Calculations for number of yards required for costumes for different sized women. Economy in cutting.

THIRD-YEAR NORMAL

Cutting and fitting review continued. Making out estimates for different costumes, designing a street dress and making same.

FOURTH-YEAR NORMAL

General knowledge of all kinds of sewing, cutting and making costumes. Study of colors suitable to different complexions. Cutting and making graduating dresses.

A NEW REGULATION

In order to increase efficiency on the part of both the instructor and the student the following regulations should be observed:

No teacher should be given more than five lessons per day or twenty-five per week that require preparation.

That the course of study for graduation require only four lessons a day requiring preparation, and one not to be prepared.

GENERAL INFORMATION

The Opening Exercises.—The opening exercises take place in the chapel each school day from 8:55 a. m. to 9:20 a. m. The exercises consist of singing, Scripture reading, and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-Meeting.—On Wednesdays, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon. Every student is expected to be a member of these associations and to be in regular attendance upon them on each Sunday afternoon.

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

Athletic Association.—The students have an athletic association, which is well attended and officered by the student body. A member of the Faculty is Director of the Association.

REGULATIONS

Students must be decent, respectable, orderly, and well behaved at all times. Indeed, every student is taught to be polite.

Students must make good all damage done to furniture or buildings resulting from carelessness.

In order to promote Christian character as well as good scholarship in an institution, students must conform strictly to habits of truthfulness and honesty in purpose, action, and work.

Profanity, playing cards or billiards, hanging on the corners of streets or in public places, or associating with persons who do these things, and everything of an immoral tendency, are strictly forbidden under penalty of suspension. The institution does not tolerate dancing and note writing.

No student will be allowed to remain in school who keeps or uses firearms while he is attending school. Let them remain at home.

Cleanliness of rooms, of clothing, and person, proper attention to order and system in and out of school, and faithfulness to duty, are required of all students.

Regular and prompt attendance upon all meetings and to all duties of the institution is required of every student.

All students are required to attend Sunday school, Young Men's and Young Women's Christian Associations, and preaching at 11 a. m. each Sabbath, or at other times when so directed.

Students should have all their mail, express packages, and freight addressed to the State Normal School, Elizabeth City, N. C.

All students must obtain permission to leave the dormitory or campus. Lady students must not be out after dark.

All students and teachers are expected to attend the chapel exercises and prayer-meeting.

Students who have not done satisfactory work in the Third-Year Class, and whose conduct has not been commendable, will not be permitted to enter the Fourth-Year Class during the first year of such an effort.

Every student should try faithfully to attend school 180 days each year.

It should be the aim of every student to make his or her conduct perfect.

Every student should read the Bible daily and prayerfully.

All persons desiring information respecting the institution should address their letters of inquiry to

P. W. MOORE, *Principal,*
State Colored Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENTS

All students must purchase text-books. Please bring from \$5.00 to \$8.00 for books. *Every student must pay \$2.00 entrance fee the day she or he enters school.* Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the dormitory should bring three sheets, three pillow-cases, blankets or quilts, towels, rubbers, parasol, warm wraps, soap, toothbrush, etc.

The lady teachers and the girls who do not live in Elizabeth City will room and board in the GIRLS' DORMITORY and furnish their rooms.

Some of the girls will be given the opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

The day on which each student enters school she will be expected to pay for the first month's board. At the expiration of twenty-eight days thereafter board will be due again, and so on until the session closes. In other words, board will be due at beginning of each month.

Twenty-eight days makes a boarding month. The small fees which students pay will not be refunded.

Lady teachers should bring bed linen, blankets, towels, etc.

The sixth and seventh grades are now a part of the Practice School Department.

Practice School pupils will pay as follows: 1, 2, 3, \$1.50 per month; 4, 5, \$1.75; 6 and 7, \$2.00.

A Dormitory for boys and a building for the Practice School will soon be built.

ALUMNI ASSOCIATION

OFFICERS, 1921-1922:

MRS. M. E. SILLS, Ahoskie, N. C.	President
MRS. C. E. FLEMING, Elizabeth City, N. C.	Vice-President
MISS BEULAH M. SPELLMAN, Elizabeth City, N. C.	Treasurer
MISS M. A. PERKINS, Elizabeth City, N. C.	Secretary

COMMITTEE ON BY-LAWS:

REV. J. P. LAW, Merry Hill, N. C.	Chairman
MR. J. R. FLEMING, Elizabeth City, N. C.	Honorary Chairman

STATE NORMAL SCHOOL CALENDAR

1922-1923

FIRST QUARTER

September 11th, Monday—New Session opens.

Preliminary Registration.

Entrance Examinations begin.

September 12th, Tuesday—Examinations end.

Registration and Classification completed.

September 13th, Wednesday—Regular Class Work begins.

November 23rd, Thursday—Thanksgiving Day.

December 3-4, Thursday and Friday—First Quarter Examinations.

December 1st, Friday—First Quarter ends.

SECOND QUARTER

December 4th, Monday—Second Quarter begins.

December 25th, Monday—Christmas Holidays begin.

January 1st, Monday—Christmas Holidays end.

March 5-6, Monday and Tuesday—Second Quarter Examinations.

March 2nd, Friday—Second Quarter ends.

Ex. Mar. 14-2

THIRD QUARTER

March 5th, Monday—Third Quarter begins.

May 17-18, Thursday and Friday—Senior Class Examinations.

May 21st, Monday—Industrial Exhibition.

May 24-25, Thursday and Friday—Third Quarter Examinations.

May 25th, Friday—Meeting of the Alumni Association.

May 25th, Friday—Commencement Day—Session ends.

EXPENSES

Each student should give attention to the following:

1. Entrance Fee-----\$ 6.00 (\$2.00 each Quarter)
2. Fuel ----- 10.00 (5.00 First & Second Quarters)
3. Lights ----- 10.00 (5.00 First & Second Quarters)
4. Instrumental Music ----18.00 (6.00 each Quarter)
5. Board and room \$11.00 per month.

3.33 9
"

All fees are due at the beginning of each Quarter. Money will not be refunded to students leaving school, except for good reasons. Remittance in payment of bills should be sent by postoffice money order or registered letter, and made payable to the Principal and not to the student.

All students who room in the Dormitory will be expected to pay board, room rent, and lights as stated above.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$16.00 tuition. The school is sustained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least one month's expenses and the annual fees before they can be registered.

All students are required to give at least one hour of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year.

Student must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No student who is behind on the books for more than 15 days will be

10 *STATE COLORED NORMAL AND INDUSTRIAL SCHOOL*

admitted into the dining hall or classes, unless permission is given by the Principal.

Some of the young ladies who board in the Girls' Dormitory may reduce their expenses by washing dishes and waiting on tables regularly.

PRACTICE SCHOOL TUITION

Practice School pupils will be requested to pay tuition per month according to the following statement: 1-3 grades, \$1.50; 4-5 grades, \$1.75; 6-7 grades, \$2.00.

HIGH SCHOOL DEPARTMENT

This department aims to give a solid secondary education. Being an accredited State high school, it meets the needs both of those who desire to pursue the Normal course here, and of those who plan to take higher courses elsewhere.

Candidates for admission to the first year will be examined in English Grammar and Composition, Arithmetic, Geography, and History. Those seeking admission to higher classes must satisfy the Committee on Classification that they are able to pursue, profitably and successfully, the work of the class to which admission is sought.

A Diploma will be awarded to all who complete the course.

COURSE OF STUDY

(Recitations in all subjects occur five times a week)

First Year
REQUIRED
English I
Mathematics I
General Science—boys
Domestic Science—girls

ELECTIVE
Latin I
Community Civics
Commercial Geography

or
French II
Teacher Training Course

COMMERCIAL COURSE

This course aims to prepare pupils for actual work in the business world by giving them a thorough knowledge of the following subjects:

(a) *Stenography and typewriting*—Beginner's course. Elementary principles of Gregg's Shorthand Manual and fundamental principles in correct typing by the touch method.

(b) *Stenography and typewriting*—Advanced course. Takes up rapid dictation, speed drill, transcription of notes on the machine. Various parts of the machine, carbon letters and tabulating are also studied.

(c) *Business English and Correspondence*—Embraces word study, punctuation, and letter writing.

(d) *Business spelling*—This subject deals with words most commonly misspelled, their pronunciation, definition and use.

(e) *Office training*—Filing and indexing, business letters, and papers.

(f) *Bookkeeping and Accounts*—This course includes theory and practice in both single and double entry. (20th Century Bookkeeping and Accounting used.)

Tuition per month \$4.00.

Students who are not pursuing the Commercial Course may be admitted to special practice in typewriting. Tuition \$1.50.

DOMESTIC ART

This course is designed to give thorough training in both the theory and practice of sewing and dressmaking.

A four-year course in sewing is offered which gives the student a general knowledge of sewing.

A two year normal course is also given which prepares students to teach sewing and dressmaking.

First Year

Hand Sewing—Models will be made of the essential stitches, seams, worked buttonholes.

Practice work on hemming towels, napkins, making collar and cuff sets, sewing apron, laundry bag and cooking uniform.

Talks on use of thimble, needles, pins, tracing wheel, scissors, shears and tape.

Second Year

Machine Sewing—Undergarments and lingerie. Theory work on care and use of machines. Drafting analysis. Selection of materials and trimmings.

Third Year

Lingerie and tailored blouses, tailored wash skirt, plain wash dress.

Theory: Use and alteration of commercial patterns. Care and selection of clothing. Color harmony in relation to clothes. Costume and its relation to individuals. The clothing budgets and the wardrobe.

Fourth Year

Tailored woolen skirt, one piece woolen dress and silk dress. Remodeling and renovating of old clothes.

Study of Textiles—Textbook—"Textiles" by McGowan and Waite.

ONE YEAR COURSE IN DRESSMAKING

Practice work—Lingerie and tailored blouses, wash and woolen skirts, one piece woolen dress, plain wash dress, fancy wash dress, silk and evening gown.

Theory—Drafting, modeling and draping of costumes is also taught during the course.

Textbook—"Clothing for Women"—Laura Balat.

Number of times a week—two forty-five minute periods every day.

Junior Normal

Practice work—Models of all samples necessary for teachers of domestic art.

Theory—General review of all theory work in the High School Department.

Senior Normal

This course will be devoted entirely to theory work. In this course Methods of Teaching Sewing will be taught; special emphasis will be laid on rural school methods. Lesson plans will be discussed. Each student will be required to outline a year's course of study in sewing.

Courses will also be given in Millinery, Tailoring, Costume Design, Basketry and Weaving to any applicants.

DOMESTIC SCIENCE

First Year

The first course in cooking is based on food principles and the selection and preparations of foods. Instruction is given in the care of the kitchen furnishings and equipment.

Text—Greer's "Text Book of Cooking."

Second Year

The second year course is devoted to the study of food preservation, menu making, and home sanitation. During this course instruction in the simple processes of housewifery is continued, with special emphasis on the furnishings and care of the dining room and living room.

Text—Greer's "Text Book of Cooking."

Third Year

This course deals with dishes of a more complicated nature and with dietetics, serving and laundry work.

Text—Kinne and Cooley's "Foods and Household Management."

Fourth Year

Cooking in the fourth year deals with the amount and kinds of foods needed by the body for growth and health, invalid cookery, and school lunches.

Text—Kinne and Cooley's "Foods and Household Management."

Junior Normal

In this course a study is made of the proper nourishment of the human body, the balancing of meals, and lunch room cookery. Instruction is also given in household management and marketing.

Senior Normal

In this year the fundamentals of cooking are reviewed as a basis for practice work in teaching. Advanced work, including invalid cookery, the making of lesson plans and home making are given.

Text—Farmer's "Boston Cooking School Book," "Parloa's Home Economics."

ENGLISH

The general aims of the study of English are first, to enable the student to speak and write correctly and effectively; second to acquaint him with the best works of our leading English and American authors; third, to develop in him an appreciation for good literature and the habit of reflective reading.

ENGLISH I

With the aid of oral and written composition, a review in grammar and the correct application of good form in every day writing and speaking, the student's speech and writing are improved. Emphasis is placed upon sentence structure, coherent ideas and related thought. The English Note Book is a means by which all written composition is kept intact and errors discovered and corrected.

Text Book—Bolenius' "Every Day English Composition."

ENGLISH II

The second year English is a continuation of the work of the previous year on a larger and more comprehensive scale, with stress upon theme work, narration, description, exposition and argumentation. The student becomes familiar with standard literary forms and acquires a proper appreciation of literary values.

Text Book—Lewis and Hosis's "Practical English."

ENGLISH III

This course, designed for third years, consists of a study of the theory and practice of English composition—oral and written. All of the fundamental forms of discourse are studied, but the greatest emphasis is put upon Exposition. On the side of literature, the history of American literature is studied, and as many poems of the principal writers are studied as the time limits and reference material permit. Special topics in Grammar are reviewed.

Texts—Lewis and Hosis's "Practical English," Metcalf's "American Literature."

ENGLISH IV

This course, designed for fourth years, is a continuation of the course above, so far as composition is concerned, with the emphasis on Argumentative themes. The work in Composition is supplemented by a study of the history of English literature and by an appreciative study of typical examples of the various literary types. Composition based on the literature read, and practice in debate are features of this course.

Texts—Lockwood and Emerson's "Composition and Rhetoric," Metcalf's "English Literature," and Rich's "A Study of the Types of Literature."

HISTORY AND CIVICS

First Year

Civics—The aim of this course is to give the pupils some idea of the theory of our government and to call attention to some of the problems in their community.

Text—Highes' "Community Civics."

History—Early European—The aim of this course is to make a study of the Ancient Europeans—Greeks, Romans and early Germans—in their continuous struggle for a larger and freer life. The course extends up to 1700.

Text—Robinson and Breasted. Part I.

Second Year

History—Modern European—The aim of this course is to secure a thorough knowledge of the development of Western Europe from the days of Charlemagne. Special attention is given to the cause leading up to the World's War.

Text—Robinson and Beard. Part II.

Third Year

(a) *Civics*—The aim of this course is to teach the ethics of citizenship and to show the unity of all human relationships.

Text—Dole's "The New American Citizen."

(b) *History—American*—This course is a thorough review of the chief events in the development of our government and its institutions. The aim is to enable the student, by contrasting present with past conditions, to better understand our problems of today and to show them their relation to such problems.

MODERN LANGUAGE

French I

French offered in the third year, is planned to give the student an accurate knowledge of the language both as written and spoken, and also to develop an appreciation for French Literature.

The work as outlined above is carried on by means of recitation, written exercises, and collateral readings. Much stress is laid, from the beginning, upon the ability of the student to express himself directly in the language. To accomplish this end, the class is conducted as far as possible in French.

Text Book—Le Premier—Merao.

French II

French of the fourth year is a continuation of the work above, with the emphasis placed on composition and the acquiring of greater ease in interpreting French thought. Selections from the best authors are used in this course.

LATIN

The four year course in Latin is arranged so as to enable the student to become acquainted with the forms and construction of Latin grammar, familiarity with standard Latin writers and a knowledge of the historical importance and beauty of the Roman Period as conveyed by such writers. It is planned also to meet entrance requirements of the standard colleges and universities of the country.

Bennet's Latin Grammar is used throughout the course.

Latin I

In the First Year, the student is drilled thoroughly in the Latin syntax and grammar, including the declension of nouns, pronouns, and adjectives, the conjugation of verbs, the inflection of adverbs and adjectives; characteristics and uses of the prepositions, conjunctions and interjections; the arrangement of phrases and clauses, and sentence structure and word order, so that the student may acquire the ability to read with ease and accuracy Latin stories and extracts from Caesar.

Text Book—Collar and Daniell's First Year Latin revised by Jenkins, supplemented by Latin Composition.

Latin II

The first four books of Caesar's Gallic War are used during the Second Year; with stress upon the characteristic arrangements of the author, the motive and historical importance of each campaign, and the common constructions in use.

Text Book—Bennett's Caesar's Gallic War.

Latin III

Cicero's Orations are read in the Third Year, including the Catilinarian Orations, Defense of Archias, Manilian Law and the Pardon of Marcellus. Emphasis is laid upon the narrative involved and the arguments advanced. A thorough review in the syntax is given also.

Text Book—Bennett's Cicero's Orations.

Latin IV

The epic poem, Virgil's Aeneid, including the first four books and the sixth book is read during the year. The student is drilled in the work of scansion and its peculiar application to The Aeneid. Along with the narrative, as a supplement, the myths of Greece and Rome, as found in Bulfinch's Ages of Fables, are studied.

Text Book—Bennett's Virgil's Aeneid.

MATHEMATICS

The three principal aims of this department are: (1) to prepare the student for the practical application of mathematics to everyday problems; (2) to develop in him power in mathematical methods of reasoning; and (3) to give him a good foundation for higher mathematics. The following courses are offered from the eighth through the eleventh grade.

First Year

Algebra I. The work of this consists of drill in the fundamental processes, problems, fractions, equations, and much supplementary work.

Text—Wentworth and Smith's "Academic Algebra."

Second Year

Algebra II. This is a continuation of Algebra I. Common divisors, multiples, simple equations, simultaneous equations, quadratics, exponents, and problems in the form of equations are given special attention.

Text—Milne's "High School Algebra."

Third Year

Plane Geometry. This course includes a study of rectilinear figures, triangles, the circle, proportion, polygons, proportional lines, and numerical properties of figures.

The solution of original problems and figures is required throughout the course.

Text—Wentworth and Smith's "Plane Geometry."

SCIENCE

The courses of study in the Science Department are planned to give training in habits of precision in accurate observation, in reasoning, in devices of experimentation and in an understanding of the valid grounds of proof and the logical basis of generalization.

First Year

General science offered in the first year aims to give instruction in an elementary manner into a broad and scientific field, considering physiography, biology, physics, etc. The practical side of the subject is emphasized.

Text Book—Caldwell & Eikenberry & Dryer.

Second Year

Biology is offered in the second year to give still a broader aspect. Various type animals are studied. The first half year is zoological in character; the second, botanical. Field work will be observed.

Text Book—Smallwood, Beverly & Bailey's "Practical Biology."

Third Year

Physics will be offered in the third year. This subject will acquaint the student with the relation of energy and matter.

Laboratory work will be emphasized.

Text Book—Carhart & Chutes "First Principles of Physics."

Fourth Year

Chemistry: This year's work concerns itself with the principles on which the science is based. Stress will be laid upon certain processes and materials in their application to the commercial arts.

Text Book—Brownlee, Hancock, Fuller and others.

DEPARTMENTS OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

Aim and Scope

The aim of this department is to train teachers for the elementary public schools of the state. The course consists of two years of study in which the major emphasis is placed upon the history, principles, and methods of education. The purely professional subjects are supplemented by such subject matter studies as will give the student a wider academic background for his professional equipment.

Admission Requirements

For admission to the Normal department the applicant must be a graduate of an approved high school, or its equivalent, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

Graduation Requirements

Graduation from the Normal Department is based upon the satisfactory completion of at least 150 quarter hours of work. A quarter hour of work is a recitation occurring five times a week for twelve weeks. Five subjects may be taken concurrently; and as the school year is divided into three quarters, 75 quarter hours of credit may be acquired during each year.

Diploma and Certificate

A Diploma will be awarded to all who complete this course. Furthermore, by special arrangement those who complete the course will be granted, without an examination, a Primary or Grammar Grade Certificate by the State Superintendent of Public Instruction.

X Arithmetic—Grammar Grade Subject Matter -----	5	"	"
XI History—U. S. One period studied intensively -----	5	"	"
XII Geography (any one of the continents) -----		"	"

NOTE.—The work is arranged according to quarter hours or twelve weeks.

DESCRIPTION OF COURSES

Rural Economics

The aim of this course is to give the student a general knowledge of economic theory and of present-day economic problems. The special problems of Agriculture and of rural life will receive particular attention.

Text—Carver's "Principles of Rural Economics."

English

The fundamental facts of formal grammar and composition are studied intensely. This is followed by a study with a view to teaching of selected pieces of child's literature.

Texts—Kittredge and Farley's "Advanced English Grammar," Wooley's "Handbook of Composition," and Curry and Clippinger's "Children's Literature."

Hygiene

(a) *School*—This course treats of location, construction, lighting and general equipment and care of the school houses, so as to insure the health of the pupils while they are in school.

Text—Dresslar's "School Hygiene."

(b) *Child*—This course lays emphasis on general bodily health, communicable diseases and their prevention, the structure and functions of the nervous system, food, clothing, exercise, and kindred topics relating to personal health.

Text—Jewett's "The Body and Its Defenses."

History of Education

This course deals with the origin and development of education in the United States. It describes the various types of public, private, and denominational schools—showing them all to be vital factors in American history and civilization.

Text—Cubberley's "Public Education in the United States."

Primary Methods

This course deals with Reading, Number Work, Language, Geography, History, Drawing and Writing in grades I to III. The purpose is to familiarize students with the subject matter and methods of instruction in public elementary schools.

Text—The State adopted books.

School Management

This course deals with more mechanical factors of the teacher's duties, such as daily schedules, promotions, marking systems, rewards and punishments, reports to parents and kindred topics relating to class-room organization and control.

Text—Strayer and Englehardt's "The Class Room Teacher."

Psychology

(a) *General*—This course is introductory to the more specialized courses which follow. It gives a general survey of the facts and principles of mental life. Sensation and Perception, Memory and Imagination, Instinct and Emotion, Reasoning and Will, Habit and Personality are the most important topics treated.

Text—Betts' "The Mind and Its Education."

(b) *Educational*—This course deals with the facts and laws of the mind considered with reference to the special problems of the teaching and learning processes.

Text—LaRue's "Psychology for Teachers."

(c) *Child*—This course treats of the history and methods of child study and summarizes, from the biological point of view, the chief facts in the physical, mental, and moral development of the child. It then shows the bearing of these facts on the principles and methods of education.

Text—Waddle's "Introduction to Child Psychology."

Educational Sociology

After treating of the relation of education to society as a whole, and to the fundamental social groups, this course deals with the methods of socializing the programs, methods, and administration of education.

Text—Smith's "Introduction to Educational Sociology."

Observation and Practice Teaching

The school has a well equipped, three-room Practice School composed of the first six elementary grades and directed by a critic teacher, and three assistants. This school serves as a laboratory where the students of this department may observe good teaching and where they may do actual teaching under the guidance of a trained supervisor.

Rural Sociology

This course emphasizes the social side of rural life. The problems of the family, of population, crime, poverty, education and the conservation of human life are treated from the rural, as distinguished from the urban, point of view.

Text—Ellwood's "Sociology and Social Problems."

Public School Music

This course covers instruction for the first eight grades and runs throughout the year. The first half is devoted to theory and observation; the second half to practice teaching in the grades. Through this arrangement the children in the Practice School get an early foundation in music and thus cultivate, early in life, appreciation for it.

Text—"The Eleanor Smith Music Course."

GENERAL INFORMATION

The Opening Exercises.—The opening exercises take place in the chapel each school day from 8:55 a. m. to 9:20 a. m. The exercises consist of singing, Scripture reading, and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-meeting.—On Wednesdays, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon. Every student is expected to be a member of these associations and to be in regular attendance upon them on each Sunday afternoon.

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

Athletic Association.—The students have an athletic association, which is well attended and officered by the student body. A member of the Faculty is Director of the Association.

REGULATIONS

Students must be decent, respectable, orderly, and well behaved at all times. Indeed, every student is taught to be polite.

Students must make good all damage done to furniture or buildings resulting from carelessness.

In order to promote Christian character as well as good scholarship in an institution, students must conform strictly to habits of truthfulness and honesty of purpose, action, and work.

Profanity, playing cards or billiards, hanging on the corners of streets or in public places, or associating with persons who do these things, and everything of an immoral tendency, are strictly forbidden under penalty of suspension. The institution does not tolerate dancing and note writing.

No student will be allowed to remain in school who keeps or uses firearms while he is attending school. Let them remain at home.

Cleanliness of rooms, of clothing, and person, proper attention to order and system in and out of school, and faithfulness to duty, are required of all students.

Regular and prompt attendance upon all meetings and to all duties of the institution is required of every student.

All students are required to attend Sunday school, Young Men's and Young Women's Christian Associations, and preaching at 11 a. m. each Sabbath, or at other times when so directed.

Students should have all their mail, express packages, and freight addressed to the State Normal School, Elizabeth City, N. C.

All students must obtain permission to leave the dormitory or campus. Lady students must not be out after dark.

All students and teachers are expected to attend the chapel exercises and prayer-meeting.

Students who have not done satisfactory work in the Third-Year Class, and whose conduct has not been commendable, will not be permitted to enter the Fourth-Year Class during the first year of such an effort.

Every student should try faithfully to attend school 180 days each year.

It should be the aim of every student to make his or her conduct perfect.

Every student should read the Bible daily and prayerfully.

All persons desiring information respecting the institution should address their letters of inquiry to

P. W. MOORE, *Principal,*
State Colored Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENTS

All students must purchase text-books. Please bring from \$5.00 to \$8.00 for books. *Every student must pay \$2.00 entrance fee the day she or he enters school.* Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the dormitory should bring three sheets, three pillow-cases, blankets or quilts, towels, rubbers, parasol, warm wraps, soap, toothbrush, etc.

The lady teachers and the girls who do not live in Elizabeth City will room and board in the GIRLS' DORMITORY and furnish their rooms.

Some of the girls will be given the opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

The day on which each student enters school she will be expected to pay for the first month's board. At the expiration of twenty-eight days thereafter board bill will be due again, and so on until the session closes. In other words, board will be due at beginning of each month.

Twenty-eight days makes a boarding month. The small fees which students pay will not be refunded.

Lady teachers should bring bed linen, blankets, towels, etc.

The sixth and seventh grades are now a part of the Practice School Department.

Practice School pupils will pay as follows: 1, 2, 3, \$1.50 per month; 4, 5, \$1.75; 6 and 7, \$2.00.

Three beautiful new buildings are in sight on the State Normal campus. The Principal's cottage and a building for the Practice and Observation School are ready to be occupied. The Administration building is in process of erection and will be completed by December 1, 1922.

STATE NORMAL SCHOOL CALENDAR

1923-1924

FIRST QUARTER

Boarding Department Opens Saturday, September 8, 1923.

Classification and enrollment of Students—Saturday September 8, 1923

Class Work Begins-----Monday, September 10, 1923

Thanksgiving Day-----Thursday November 29, 1923

First Quarter Examination-----Thursday, November 30, 1923

First Quarter Ends -----Friday November 30, 1923

SECOND QUARTER

Second Quarter Begins-----Monday December 3, 1923

Christmas Holiday Begins-----Friday December 21, 1923

New Year's Day-----Tuesday, January 1, 1924

Work Resumed -----Thursday January 3, 1924

Second Quarter Ends-----Wednesday March 5, 1924

THIRD QUARTER

Third Quarter Begins -----Thursday March 6, 1924

Commencement Sunday -----May 25, 1924

Commencement Day-----Thursday May 29, 1924

EXPENSES, PAYMENTS, ETC.

All (Expenses payable in advance)

1923-1924		
Entrance Fee	Each Quarter	\$2.00
Fuel	Each Quarter	5.00
Lights	Each Quarter	2.00
Room Rent	For Year	1.50

BOARD

Board	Each Month (28 days)	\$11.00
-------	----------------------	---------

LABORATORY FEE FOR THOSE IN SCIENCE

Chemistry		\$3.00
Physics		3.00

MUSIC

Piano Lessons	One Lesson Each Week	\$1.00
Piano Lessons	Two Lessons Each Week	2.00

ATHLETIC FEE

Each Student is Asked to Pay on Entering	\$1.00
--	--------

All fees are due at the beginning of each Quarter. Money will not be refunded to students leaving school, except for good reasons. Remittance in payment of the bill should be sent by the postoffice money order or registered letter, and made payable to the Principal and not to the student.

All students who room in the Dormitory will be expected to pay board, room rent, and lights as stated above.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$16.00 tuition. The school is sustained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least

one month's expenses and the annual fees before they can be registered.

All students are required to give at least one hour of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year.

Students must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No students who is behind on the books for more than 15 days will be admitted into the dining hall or classes, unless permission is given by the Principal.

Some of the young ladies who board in the Girls' Dormitory may reduce their expenses by washing dishes and waiting on tables regularly.

PRACTICE SCHOOL TUITION

Practice School pupils will be requested to pay tuition per month according to the following statement: 1-3 grades, \$1.50; 4-5 grades, \$1.75; 6-7 grades, \$2.00.

GENERAL INFORMATION

I. OBJECT

The object of this State Normal School is the training of teachers for the Colored public school of North Carolina.

The General Assembly of 1891 made it possible for this school to begin on January 4, 1892. The State Normal School has stood as a beacon light on the shores of Eastern Carolina from the first day school was started.

Many of the students of this school have made fine records in teaching, in business, and in some of the leading universities.

2. FIELD

The State Normal School is situated in a field where great service can be rendered to our State. Since Eastern Carolina has a large group of rural people. This Eastern Section looks mainly to this school for teachers and leaders in their rural life.

3. LOCATION

Elizabeth City is situated on the Pasquotank River, in an agricultural section where are grown many of the leading crops of our state and where this great trucking section can reach the waiting Eastern markets by boat and train.

4. RELIGIOUS LIFE

The Opening Exercises.—The opening exercises take place in the chapel each school day from 8:55 a. m. to 9:20 a. m. The exercises consist of singing, Scripture reading, and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-meeting.—On Wednesdays, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon. Every student is ex-

pected to be a member of these associations and to be in regular attendance upon them on each Sunday afternoon.

5. LITERARY SOCIETIES

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

6. ATHLETIC ASSOCIATION

Athletic Association.—The students have an athletic association, which is well attended and officered by the student body. A member of the Faculty is Director of the Association.

The Young Men and Young Ladies take a very active part in outdoor life.

REGULATIONS

Students must be decent, respectable, orderly, and well behaved at all times. Indeed, every student is taught to be polite.

Students must make good all damages done to furniture or buildings resulting from carelessness.

In order to promote Christian character as well as good scholarship in an institution, students must conform strictly to habits of truthfulness and honesty of purpose, action, and work.

Profanity, playing cards or billiards, hanging on the corners of streets or in public places, or associating with persons who do these things, and everything of an immoral tendency, are strictly forbidden under penalty of suspension. The institution does not tolerate dancing and note writing.

No student will be allowed to remain in school who keeps or uses firearms while he is attending school. Let them remain at home.

Cleanliness of rooms, of clothing, and person, proper attention to order and system in and out of school, and faithfulness to duty, are required of all students.

Regular and prompt attendance upon all meetings and to all duties of the institution is required of every student.

All students are required to attend Sunday school, Young Men's and Young Women's Christian Associations, and preaching at 11 a. m. each Sabbath, or at other times when so directed.

Students should have all their mail, express packages, and freight addressed to the State Normal School, Elizabeth City, N. C.

All students must obtain permission to leave the dormitory or campus. Lady students must not be out after dark.

All students and teachers are expected to attend the chapel exercises and prayer-meeting.

Students who have not done satisfactory work in the Third-Year Class, and whose conduct has not been commendable, will not be permitted to enter the Fourth-Year Class during the first year of such an effort.

Every student should try faithfully to attend school 180 days each year.

It should be the aim of every student to make his or her conduct perfect.

Every student should read the Bible daily and prayerfully.

All persons desiring information respecting the institution should address their letters of inquiry to

P. W. MOORE, Principal,
State Colored Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENT

All students must purchase text-books. Please bring from \$5.00 to \$8.00 for books. Every student must pay \$2.00 entrance fee for each quarter. Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the dormitory should bring three sheets, three pillow-cases, blankets or quilts, towels, rubbers, parasol, warm wraps, soap, toothbrush, etc.

The lady teachers and the girls who do not live in Elizabeth City will room and board in the Girls' Dormitory and furnish their rooms.

Some of the girls will be given the opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

The day on which each student enters school she will be expected to pay for the first month's board. At the expiration of twenty-eight days thereafter board bill will be due again, and so on until the session closes. In other words, board will be due at beginning of each month.

Twenty-eight days makes a boarding month. The small fees which students pay will not be refunded.

Lady teachers should bring bed linen, blankets, towels, etc.

The sixth and seventh grades are now a part of the Practice School Department.

Practice School pupils will pay as follows: 1, 2, 3, \$1.50 per month; 4, 5, \$1.75; 6 and 7, \$2.00.

DEPARTMENTS OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

AIM AND SCOPE

The aim of this department is to train teachers for the elementary public schools of the state. The course consists of two years of study in which the major emphasis is placed upon the history, principles, and methods of education. The purely professional subjects are supplemented by such subject matter studies as will give the student a wider academic background for his professional equipment.

ADMISSION REQUIREMENTS

For admission to the Normal department the applicant must be a graduate of an approved high school, or its equivalent, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

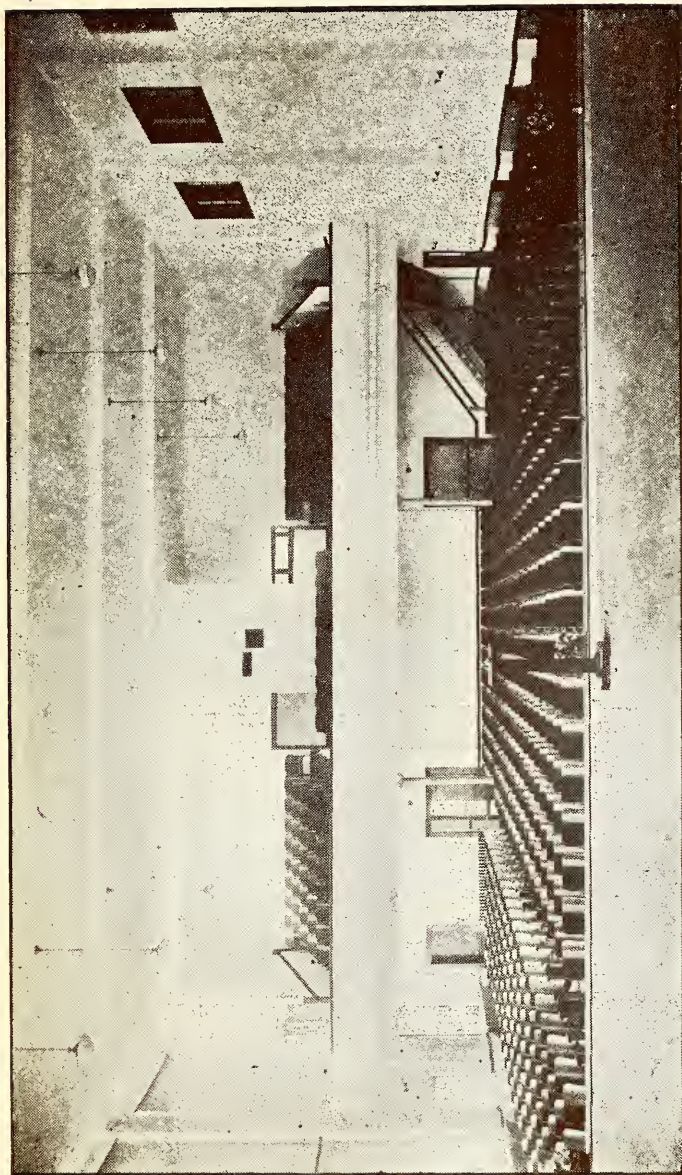

GRADUATION REQUIREMENTS

Graduation from the Normal Department is based upon the satisfactory completion of at least 150 quarter hours of work. A quarter hour of work is a recitation occurring five times a week for twelve weeks. Five subjects may be taken concurrently; and as the school year is divided into three quarters, 75 quarters hours of credit may be acquired during each year.

DIPLOMA AND CERTIFICATE

A Diploma will be awarded to all who complete this course. Furthermore, by special arrangement those who complete the course will be granted, without an examination, a Primary or Grammar Grade Certificate by the State Superintendent of Public Instruction.

DESCRIPTION OF COURSES

RURAL ECONOMICS

The aim of this course is to give the student a general knowledge of economic theory and of present-day economic problems. The special problems of Agriculture and of rural life will receive particular attention.

Text—Carver's "Principles of Rural Economics."

ENGLISH

The fundamental facts of formal grammar and composition are studied intensely. This is followed by a study with a view to teaching of selected pieces of child's literature.

Texts—Kittredge and Farley's "Advanced English Grammar," Wooley's "Handbook of Composition," and Curry and Clippinger's "Children's Literature."

HYGIENE

(a) School—This course treats of location, construction, lighting and general equipment and care of the school houses, so as to insure the health of the pupils while they are in school.

Text—Dresslar's "School Hygiene."

(b) Child—This course lays emphasis on general bodily health, communicable diseases and their prevention, the structure and functions of the nervous system, food, clothing, exercise, and kindred topics relating to personal health.

Text—Jewett's "The Body and Its Defenses."

HISTORY OF EDUCATION

This course deals with the origin and development of education in the United States. It describes the various types of public, private, and denominational schools—showing them all to be vital factors in American history and civilization.

Text—Cubberley's "Public Education in the United States."

PRIMARY METHODS

This course deals with Reading, Number Work, Language, Geography, History, Drawing and Writing in grades I to III. The purpose is to familiarize students with the subject matter and methods of instruction in public elementary books.

Text—The State adopted books.

SCHOOL MANAGEMENT

This course deals with more mechanical factors of the teacher's

22 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

duties, such as daily schedules, promotions, marking system, rewards and punishments, reports to parents and kindred topics relating to class-room organization and control.

Text—Strayer and Englehardt's "The Class Room Teacher."

PSYCHOLOGY

(a) General—This course is introductory to the more specialized courses which follow. It gives a general survey of the facts and principles of mental life. Sensation and Perception, Memory and Imagination, Instinct and Emotion, Reasoning and Will, Habit and Personality are the most important topics treated.

Text—Betts' "The Mind and Its Education."

(b) Educational—This course deals with the facts and laws of the mind considered with reference to the special problems of the teaching and learning processes.

Text—LaRue's "Psychology for Teachers."

(c) Child—This course treats of the history and methods of child study and summarizes, from the biological point of view, the chief facts in the physical, mental, and moral development of the child. It then shows the bearing of these facts on the principles and methods of education.

Text—Waddle's "Introduction to Child Psychology."

EDUCATIONAL SOCIOLOGY

After treating of the relation of education to society as a whole, and to the fundamental social groups, this course deals with the methods of socializing the programs, methods, and administration of education.

Text—Smith's "Introduction to Educational Sociology."

OBSERVATION AND PRACTICE TEACHING

The school has a well equipped, three-room Practice School composed of the first six elementary grades and directed by a critic teacher, and three assistants. This school serves as a laboratory where the students of this department may observe good teaching and where they may do actual teaching under the guidance of a trained supervisor.

RURAL SOCIOLOGY

This course emphasizes the social side of rural life. The problems of the family, of population, crime, poverty, education and the conservation of human life are treated from the rural, as distinguished from the urban, point of view.

Text—Ellwood's "Sociology and Social Problems."

PUBLIC SCHOOL MUSIC

This course covers instruction for the first eight grades and runs throughout the year. The first half is devoted to theory and observation; the second half to practice teaching in the grades. Through this arrangement the children in the Practice School get an early foundation in music and thus cultivate, early in life, appreciation for it.

HIGH SCHOOL DEPARTMENT

This department aims to give a solid secondary education. Being an accredited State high school, it meets the needs both of those who desire to pursue the Normal course here, and of those who plan to take higher courses elsewhere.

Candidates for admission to the first year will be examined in English Grammar and Composition, Arithmetic, Geography and History. Those seeking admission to higher classes must satisfy the Committee on Classification that they are able to pursue, profitably and successfully, the work of the class to which admission is sought.

A Diploma will be awarded to all who complete the course.

COURSE OF STUDY

(Recitations in all subjects occur five times a week, 45 min.)

FIRST YEAR

Required

English I
Mathematics I
General Science—boys
Domestic Science and
Art—girls
Agriculture—boys

Elective

Latin I
Community Civics
Commercial Geography

SECOND YEAR

Required

English II
Mathematics II
Domestic Science and
Art—girls
Agriculture—boys

Elective

Latin II
Biology
History

THIRD YEAR

Required

English III
Chemistry
Domestic Art and
Science—girls
Agriculture—boys
Elective

Mathematics III

Latin III

or

French I

History

FOURTH YEAR

Required

English IV
Physics,
American History
and Civics
Domestic Art and
Science—girls
Agriculture—boys
Elective

Commercial and Advanced
Arithmetic

Latin IV

or

French II

COMMERCIAL COURSE

This course aims to prepare pupils for actual work in the business world by giving them a thorough knowledge of the following subjects:

(a) Stenography and typewriting—Beginners course. Elementary principles of Gregg's Shorthand Manual and fundamental principles in correct typing by the touch method.

(b) Stenography and typewriting—advanced course. Takes up rapid dictation, speed drill, transcription of notes on the machine. Various parts of the machine, carbon letters and tabulating are also studied.

(c) Business English and Correspondence—Embraces word study, punctuation, and letter writing.

(d) Business spelling—This subject deals with words most commonly misspelled, their pronunciation, definition and use.

(e) Office training—Filing and indexing, business letters, and papers.

(f) Bookkeeping and Accounts—This course includes theory and practice in both single and double entry. (20th Century Bookkeeping and Accounting used.)

Tuition per month \$4.00.

Students who are not pursuing the Commercial Course may be admitted to special practice in typewriting. Tuition \$1.50.

DOMESTIC ART

This course is designed to give thorough training in both the theory and practice of sewing and dressmaking.

A four-year course in sewing is offered which gives the student a general knowledge of sewing.

A two-year normal course is also given which prepares students to teach sewing and dressmaking.

FIRST YEAR

Hand Sewing—Models will be made of the essential stitches, seams, worked buttonholes.

Practice work on hemming towels, napkins, making collar and cuff sets, sewing apron, laundry bag and cooking uniform.

Talks on use of thimble, needles, pins, tracing wheel, scissors, shears and tape.

SECOND YEAR

Machine Sewing—undergarments and lingerie. Theory work on care and use of machines. Drafting analysis. Selection of materials and trimmings.

THIRD YEAR

Lingerie and tailored blouses, tailored wash skirts, plain wash dress.

Theory: use and alternation of commercial patterns. Care and selection of clothing. Color harmony in relation to clothes. Costume and its relation to individuals. The clothing budgets and the wardrobe.

26 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

FOURTH YEAR

Tailored woolen skirt, one piece woolen dress and silk dress. Remodeling and renovating of old clothes.

Study of Textiles—Textbook—"Textiles" by McGowan and Waite.

ONE YEAR COURSE IN DRESSMAKING

Practice work—Lingerie and tailored blouses, wash and woolen skirts, one piece woolen dress, plain wash dress, fancy wash dress, silk and evening gown.

Theory—Drafting, modeling and draping of costumes is also taught during the course.

Textbook—"Clothing for Women"—Laura Balat.

Number of times a week—two forty-five minute periods every day.

JUNIOR NORMAL

Practice work—models of all samples necessary for teachers of domestic art.

Theory—General review of all theory work in the High School Department.

SENIOR NORMAL

This course will be devoted entirely to theory work. In this course Methods of Teaching Sewing will be taught; special emphasis will be laid on rural school methods. Lesson plans will be discussed. Each student will be required to outline a year's course of study in sewing.

Courses will also be given in Millinery, Tailoring, Costume Design, Basketry and Weaving to any applicants.

DOMESTIC SCIENCE

FIRST YEAR

The first course in cooking is based on food principles and the selection and preparations of foods. Instruction is given in the care of the kitchen furnishings and equipment.

Text—Greer's "Text Book of Cooking."

SECOND YEAR

The second year course is devoted to the study of food preservation, menu making, and home sanitation. During this course instruction in the simple processes of housewifery is continued, with special emphasis on the furnishings and care of the dining room and living room.

Text—Greer's "Text Book of Cooking."

THIRD YEAR

This course deals with dishes of a more complicated nature and with dietetics, serving and laundry work.

Text—Kinne and Cooley's "Foods and Household Management."

FOURTH YEAR

Cooking in the fourth year deals with the amount and kinds of foods needed by the body for growth and health, invalid cookery, and school lunches.

Text—Kinne and Cooley's "Foods and Household Management."

JUNIOR NORMAL

In this course a study is made of the proper nourishment of the human body, the balancing of meals, and lunch room cookery. Instruction is also given in household management and marketing.

SENIOR NORMAL

In this year the fundamentals of cooking are reviewed as a basis for practice work in teaching. Advanced work, including invalid cookery, the making of lesson plans and home making are given.

Text—Farmer's "Boston Cooking School Book," "Parloa's Home Economics."

ENGLISH

The general aims of the study of English are first, to enable the student to speak and write correctly and effectively; second to acquaint him with the best works of our leading English and American authors; third, to develop in him an appreciation for good literature and the habit of reflective reading.

ENGLISH I

With the aid of oral and written composition, a review in grammar and the correct application of good form in every day writing and speaking, the students speech and writing are improved. Emphasis is placed upon sentence structure, coherent ideas and related thought. The English Note Book is a means by which all written composition is kept intact and errors discovered and corrected.

Text Book—Bolenius' "Every Day English Composition."

ENGLISH II

The second year English is a continuation of the work of the previous year on a larger and more comprehensive scale, with stress upon theme work, narration, description, exposition and argumentation. The student becomes familiar with standard literary forms and acquires a proper appreciation of literary values.

Text Book—Lewis and Hsieh's "Practical English."

ENGLISH III

This course, designed for third years, consists of a study of the theory and practice of English composition—oral and written. All of the fundamental forms of discourse are studied, but the greatest em-

28 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

phasis is put upon Exposition. On the side of literature, the history of American literature is studied, and as many poems of the principal writers are studied as the time limits and reference material permit. Special topics in Grammar are reviewed.

Texts—Lewis and Hosis's "Practical English," Metcalf's "American Literature."

ENGLISH IV

This course, designed for fourth years, is a continuation of the course above, so far as composition is concerned, with the emphasis on Argumentative themes. The work in Composition is supplemented by a study of the history of English literature and by an appreciative study of typical examples of the various literary types. Composition based on the literature read, and practice in debate are features of this course.

Texts—Lockwood and Emerson's "Composition and Rhetoric," Metcalf's "English Literature," and Richo's "A Study of the Types of Literature."

HISTORY AND CIVICS

FIRST YEAR

Civics—The aim of this course is to give the pupils some idea of the theory of our government and to call attention to some of the problems in their community.

Text—Hughe's "Community Civics."

History—Early European—The aim of this course is to make a study of the Ancient Europeans—Greeks, Romans and early Germans—in their continuous struggle for a larger and freer life. The course extends up to 1700.

Text—Robinson and Breasted. Part I.

SECOND YEAR

History—Modern European—The aim of this course is to secure a thorough knowledge of the development of Western Europe from the days of Charlemagne. Special attention is given to the cause leading up to the World War's.

Text—Robinson and Beard. Part II.

THIRD YEAR

(a) Civics—The aim of this course is to teach the ethics of citizenship and to show the unity of all human relationships.

Text—Dole's "The New American Citizen."

(b) History—American—This course is a thorough review of the chief events in the development of our government and its institu-

tions. The aim is to be able the student, by contrasting present with past conditions to better understand our problems of today and to show them their relation to such problems.

MODERN LANGUAGE

FRENCH I

French offered in the third year, is planned to give the student an accurate knowledge of the language both as written and spoken, and also to develop an appreciation for French Literature.

The work as outlined above is carried on by means of recitation, written exercises, and collateral readings. Much stress is laid, from the beginning, upon the ability of the student to express himself directly in the language. To accomplish this end, the class is conducted as far as possible in French.

Text Book—Le Premier—Merao.

FRENCH II

French of the fourth year is a continuation of the work above, with the emphasis placed on composition and the acquiring of greater ease in interpreting French thought. Selections from the best authors are used in this course.

LATIN

The four year course in Latin is arranged so as to enable the student to become acquainted with the forms and construction of Latin grammar, familiarity with standard Latin writers and a knowledge of the historical importance and beauty of the Roman Period as conveyed by such writers. It is planned also to meet entrance requirements of the standard colleges and universities of the country.

Bennet's Latin Grammar is used throughout the course.

LATIN I

In the First Year, the student is drilled thoroughly in the Latin syntax and grammar, including the declension of nouns, pronouns, and adjectives, the conjugation of verbs, the inflection of adverbs and adjectives; characteristics and uses of the prepositions, conjunctions and interjections; the arrangement of phrases and clauses, and sentence structure and word order, so that the student may acquire the ability to read with ease and accuracy Latin stories and extracts from Caesar.

Text Book—Collar and Daniell's First Year Latin revised by Jenkins, supplemented by Latin Composition.

LATIN II

The first four books of Caesar's Gallic War are used during the Second Year; with stress upon the characteristic arrangements of the author, the motive and historical importance of each campaign, and the common construction in use.

Text Book—Bennett's Caesar's Gallic War.

LATIN III

Cicero's Orations are read in the Third Year, including the Catilinarian Orations, Defense of Archias, Manilian Law and the Pardon of Marcellus. Emphasis is laid upon the narrative involved and the arguments advanced. A thorough review in the syntax is given also.

Text Book—Bennett's Cicero's Orations.

LATIN IV

The epic poem, Virgil's Aeneid, including the first four books and the sixth book is read during the year. The student is drilled in the work of scansion and its peculiar application to The Aeneid. Along with the narrative, as a supplement, the myths of Greece and Rome, as found in Bulfinch's Ages of Fables, are studied.

Text Book—Bennett's Virgil's Aeneid.

MATHEMATICS

The three principal aims of this department are: (1) to prepare the student for the practical application of mathematics to everyday problems; (2) to develop in him power in mathematical methods of reasoning; and (3) to give him a good foundation for higher mathematics. The following courses are offered from the eighth through the eleventh grade.

FIRST YEAR

Algebra I. The work of this consists of drill in the fundamental processes, problems, fractions, equations, and much supplementary work.

Text—Wentworth and Smith's "Academic Algebra."

SECOND YEAR

Algebra II. This is a continuation of Algebra I. Common divisors, multiples, simple equations, simultaneous equations, quadratics, exponents, and problems in the form of equations are given special attention.

Text—Milne's "High School Algebra."

THIRD YEAR

Plane Geometry. This course includes a study of rectilinear figures, triangles, the circle, proportion, polygons, proportional lines, and numerical properties of figures.

The solution of original problems and figures is required throughout the course.

Text—Wentworth and Smith's "Plane Geometry."

SCIENCE

The courses of study in the Science Department are planned to give training in habits of precision in accurate observation, in reasoning, in devices of experimentation and in an understanding of the valid grounds of proof and the logical basis of generalization.

FIRST YEAR

General science offered in the first year aims to give instruction in an elementary manner into a broad and scientific field, considering physiography, biology, physics, etc. The practical side of the subject is emphasized.

Text Book—Caldwell & Eikenberry & Dryer.

SECOND YEAR

Biology is offered in the second year to give still a broader aspect. Various type animals are studied. The first half year is zoological in character; the second, botanical. Field work will be observed.

Text Book—Smallwood, Beverly & Bailey's "Practical Biology."

THIRD YEAR

Physics will be offered in the third year. This subject will acquaint the student with the relation of energy and matter.

Laboratory work will be emphasized.

Text Book—Carhart & Chutes "First Principles of Physics."

FOURTH YEAR

Chemistry: This year's work concerns itself with the principles on which the science is based. Stress will be laid upon certain processes and materials in their application to the commercial arts.

Text Book—Brownlee, Hancock, Fuller and others.

CALENDAR FOR 1924-1925

FALL QUARTER

Classification and enrollment.....Monday, September 8, 1924
Class work begins.....Tuesday, September 9, 1924
Thanksgiving Day.....Thursday, November 27, 1924
Quarter examination.....Friday, November 28, 1924
Fall Quarter closes.....Friday, November 28, 1924

WINTER QUARTER

Winter Quarter begins.....Monday, December 1, 1924
Christmas holidays begin.....Tuesday, December 23, 1924
New Year's Day.....Thursday, January 1, 1925
Class work resumed.....Friday, January 2, 1925
Quarter examination.....Tuesday, March 3, 1925
Winter Quarter closes.....Tuesday, March 3, 1925

SPRING QUARTER

Spring Quarter begins.....Wednesday, March 4, 1925
Quarter examinations.....Monday, May 26, 1925
Commencement Sunday.....May 24, 1925
Commencement Day.....May 29, 1925
Spring Quarter closes.....Friday, May 29, 1925

EXPENSES, PAYMENTS, ETC.

All Expenses payable in advance

1924-1925

Entrance fee	Each Quarter	\$ 2.00
Fuel	Each Quarter	3.00
Lights	Each Quarter	2.00
Room Rent	Each Quarter	1.50

BOARD

Board	Each Month (28 days)	\$12.00
-------------	----------------------------	---------

LABORATORY FEE FOR THOSE IN SCIENCE

Chemistry	\$ 4.00
Physics	2.00
Biology	2.00
General Science	1.00

MUSIC

Piano lessons	One lesson each week per mo..	\$ 1.00
Piano lessons	Two lessons each week per mo..	2.00
Use of Piano	Per month	.50

ATHLETIC FEE

Each student should pay on entering for athletic fee: Boys, \$2.00; Girls, \$1.00.

All fees are due at the beginning of each Quarter. Money will not be refunded to students leaving school, except for good reasons. Remittance in payment of bills should be sent by postoffice money order or registered letter, and made payable to the Principal and not to the student.

All students who live in the Dormitories will be expected to pay board, room rent, and lights as stated above.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$16.00 tuition. The school is sustained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least one month's expenses and the annual fees before they can be registered.

All students are required to give at least one hour of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year.

Students must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No student who is behind on the books for more than 15 days will be admitted into the dining hall or classes, unless permission is given by the Principal.

Some of the young ladies who board in the Girls' Dormitory may reduce their expenses by washing dishes and waiting on tables regularly.

GENERAL INFORMATION

1. Object

The object of this State Normal School is the training of teachers for the Colored public schools of North Carolina.

The General Assembly of 1891 made it possible for this school to begin on January 4, 1892. The State Normal School has stood as a beacon light on the shores of Eastern Carolina from the first day school was started until now.

Many of the students of this school have made fine records in teaching, in business, and in some of the leading Universities.

2. Field

The State Normal School is situated in a field where great service can be rendered to our State. Since Eastern Carolina has a large group of rural people, this Eastern Section looks mainly to this school for teachers and leaders in their rural life.

3. Location

Elizabeth City is situated on the Pasquotank River, in an agri-

cultural section where are grown many of the leading crops of our State and where this great trucking section can reach the Eastern markets by boat and train.

4. Religious Life

The Opening Exercises.—The opening exercises take place in the chapel each school day from 8:55 a.m. to 9:20 a.m. The exercises consist of singing, Scripture reading and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students should attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-meeting.—On Wednesday, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon at 3:30 p.m. Every student is expected to be a member of one of these associations and to be in regular attendance upon them on each Sunday afternoon. The annual fee is \$1.00.

Every student is expected to attend the Sunday school at 9:20 a.m.

5. Literary Societies

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

6. Athletic Association

Athletic Association.—The students have an Athletic Association, which is well attended and officered by the student body. A member of the Faculty is Director of the Association.

REGULATIONS

Students must be decent, respectful, orderly and well behaved at all times.

In order to promote Christian character as well as good scholarship, students must conform to habits of truthfulness and honesty of purpose, action, and work.

Students must refrain from the use of profane language, card playing, and lounging on the corners of streets. We also advise that students do not take as their associates persons, who are immoral, untruthful, and careless in their deportment.

No student will be allowed to remain in school if the school authorities find out that he has in his possession firearms. We earnestly advise that guns be left at home.

We advise students to be courteous and respectful to their instructors, fellow school mates, and to all other persons on all occasions.

There shall not be any passing up and down either one of the halls during school hours nor shall there be permitted any disorderly conduct in the building or on the campus while school is in session.

This institution positively prohibits students connected with it from the use of tobacco and the use of intoxicating liquors.

As heretofore, the boys and girls have separate play grounds for their athletic activities.

Regular and prompt attendance upon all meetings of the institution is required on the part of every student. Our boys are requested not to lounge around the Girls' Dormitories at any time, nor to be out after 7 o'clock at night.

Every student is required to attend Sunday school, Young Men's and Young Women's Christian Associations, prayer meetings and other meetings, which are planned by the institution for the benefit of the student body.

All students must obtain permission before leaving either dormitory or campus. Lady students must not be out after dark without being chaperoned.

Students who have not done satisfactory work in the Third Year High School Class and whose conduct has not been commendable will not be permitted to enter the Fourth Year High School Class until there is a change for better in their general conduct and satisfactory improvement made in their class work.

Every student should attend school 180 days each year in order to be eligible for promotion.

Each student must enter school on one of the first three school days.

We advise that every young person own a Bible, which should be read daily and prayerfully. The cultivation of such a worthwhile habit would evidently add grace and beauty to the life and Christian character of our young people.

All persons desiring information respecting this institution should address their letters of inquiry to

P. W. MOORE, *Principal*,
State Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENT

All students must purchase text-books. Please bring from \$5.00 to \$8.00 for books. Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the dormitory should bring four sheets, two pillow-cases, blankets or quilts, towels, rubbers, parasol, warm wraps, soap, toothbrush, etc.

The lady teachers and the girls who do not live in Elizabeth City will room and board in the Girls' Dormitory and furnish their rooms.

Some of the girls will be given an opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

The sixth and seventh grades are now a part of the Practice School Department.

DEPARTMENTS OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

Aim and Scope

The aim of this department is to train teachers for the elementary public schools of the State. The courses consist of two years of study in which the major emphasis is placed upon the history, principles and methods of education. The purely professional subjects are supplemented by such subject matter studies as will give the student a wider academic background for his professional equipment.

Admission Requirements

For admission to the Normal Department the applicant must be a graduate of an approved high school, or its equivalent, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

Graduation Requirements

Graduation from the Normal Department is based upon the satisfactory completion of at least 150 quarter hours of work. A quarter hour of work is a recitation occurring five times a week for twelve weeks. Five subjects may be taken concurrently; and as the school year is divided into three quarters, 75 quarter hours of credit may be acquired during each year.

Diploma and Certificate

A Diploma will be awarded to all who complete this course. Furthermore, by special arrangement those who complete the course will be granted, without an examination, a Primary B or Grammar Grade B Certificate by the State Department of Public Instruction.

HIGH SCHOOL DEPARTMENT

This department aims to give a solid secondary education. Being an accredited State high school, it meets the needs both of those who desire to pursue the Normal course here, and of those who plan to take higher courses elsewhere.

Candidates for admission to the first year will be examined in English Grammar and Composition, Arithmetic, Geography and History. Those seeking admission to higher classes must satisfy the Committee on Classification that they are able to pursue, profitably and successfully, the work of the class to which admission is sought.

A Diploma will be awarded to all who complete the course.

Course of Study

(Recitations in all subjects occur five times a week, 45 min.)

FIRST YEAR

Required

English I
Mathematics I
General Science
Domestic Science and
 Art—Girls
Agriculture—Boys, Elective
Latin I
Community Civics
Commercial Geography

SECOND YEAR

Required

English II
Mathematics II
Domestic Science and
 Art—Girls
Agriculture—Boys, Elective
Latin II
Biology
History

THIRD YEAR

Required

English III
Chemistry
Domestic Art and
 Science—Girls
Agriculture—Boys, Elective
Mathematics III
Latin III or French I
History

FOURTH YEAR

Required

English IV
Physics
American History
 and Civics
Domestic Art and
 Science—Girls
Agriculture—Boys, Elective
Commercial and Advanced
 Arithmetic
Latin IV or French II

DOMESTIC ART

This course is designed to give thorough training in both the theory and practice of sewing and dressmaking.

A four-year course in sewing is offered which gives the student a general knowledge of sewing.

First Year

Hand Sewing—Models will be made of the essential stitches, seams, worked buttonholes.

Practice work on hemming towels, napkins, making collar and cuff sets, sewing apron, laundry bag and cooking uniform.

Talks on use of thimble, needles, pins, tracing wheel, scissors, shears and tape.

Second Year

Machine Sewing—Undergarments and lingerie. Theory work on care and use of machines. Drafting analysis. Selection of materials and trimmings.

Third Year

Lingerie and tailored blouses, tailored wash skirts, plain wash dress.

Theory: Use and alteration of commercial patterns. Care and selection of clothing. Color harmony in relation to clothes. Costume and its relation to individuals. The clothing budgets and the wardrobe.

Fourth Year

Tailored woolen skirt, one piece woolen dress and silk dress. Remodeling and renovating of old clothes.

Study of Textiles—Textbook: "Textiles," by McGowan and Waite.

Junior Normal

Practice work—Models of all samples necessary for teachers of domestic art.

Theory—General review of all theory work in the High School Department.

Senior Normal

This course will be devoted entirely to theory work. In this course Methods of Teaching Sewing will be taught; special emphasis will be laid on rural school methods. Lesson plans will be discussed. Each student will be required to outline a year's course of study in sewing.

Courses will also be given in Millinery, Tailoring, Costume Design, Basketry and Weaving to any applicant.

DOMESTIC SCIENCE

First Year

The first course in cooking is based on food principles and the selection and preparations of foods. Instruction is given in the care of the kitchen furnishings and equipment.

Text—Greer's "Textbook of Cooking."

Second Year

The second year course is devoted to the study of food preservation, menu making, and home sanitation. During this course instruction in the simple processes of housewifery is continued, with special emphasis on the furnishings and care of the dining room and living room.

Text—Greer's "Textbook of Cooking."

Third Year

This course deals with dishes of a more complicated nature and with dietetics, serving and laundry work.

Text—Kinne and Cooley's "Foods and Household Management."

Fourth Year

Cooking in the fourth year deals with the amount and kinds of foods needed by the body for growth and health, invalid cookery, and school lunches.

Text—Kinne and Cooley's "Foods and Household Management."

Junior Normal

In this course a study is made of the proper nourishment of the human body, the balancing of meals, and lunch room cookery. Instruction is also given in household management and marketing.

Senior Normal

In this year the fundamentals of cooking are reviewed as a basis for practice work in teaching. Advanced work, including invalid cookery, the making of lesson plans and home making are given.

Text—Farmer's "Boston Cooking School Book," "Parloa's Home Economics."

ENGLISH

The general aims of the study of English are first, to enable the student to speak and write correctly and effectively; second to acquaint him with the best works of our leading English and American authors; third, to develop in him an appreciation for good literature and the habit of reflective reading.

English I

With the aid of oral and written composition, a review in grammar and the correct application of good form in every day writing and speaking, the students speech and writing are improved. Emphasis is placed upon sentence structure, coherent ideas and related thought. The English Note Book is a means by which all written composition is kept intact and errors discovered and corrected.

Text—Bolenius' "Every Day English Composition."

English II

The second year English is a continuation of the work of the previous year on a larger and more comprehensive scale, with stress upon theme work, narration, description, exposition and argumentation. The student becomes familiar with standard literary forms and acquires a proper appreciation of literary values.

Text—Lewis and Hoscic's "Practical English."

English III

This course, designed for third year, consists of a study of the theory and practice of English composition—oral and written. All of the fundamental forms of discourse are studied, but the greatest emphasis is put upon Exposition. On the side of literature, the history of American literature is studied, and as many poems of the principal writers are studied as the time limits and reference material permit. Special topics in Grammar are reviewed.

Texts—Lewis and Hoscic's "Practical English," Metcalf's "American Literature."

English IV

This course, designed for fourth year, is a continuation of the course above, so far as composition is concerned, with emphasis on Argumentative themes. The work in Composition is supplemented by a study of the history of English literature and by an appreciative study of typical examples of the various literary types. Composition based on the literature read, and practice in debate are features of this course.

Texts—Lockwood and Emerson's "Composition and Rhetoric," Metcalf's "English Literature," and Richo's "A Study of Types of Literature."

HISTORY AND CIVICS

First Year

Civics—The aim of this course is to give the pupils some idea of the theory of our government and to call attention to some of the problems in their community.

Text—Hughes' "Community Civics."

History—Early European—The aim of this course is to make a study of the Ancient Europeans—Greeks, Romans and early Germans—in their continuous struggle for a larger and freer life. The course extends up to 1700 A.D.

Text—Robinson and Breasted. Part I.

Second Year

History—Modern European—The aim of this course is to secure a thorough knowledge of the development of Western Europe from the days of Charlemagne. Special attention is given to the causes leading up to the World War.

Text—Robinson and Beard. Part II.

Third Year

(a) **Civics**—The aim of this course is to teach the ethics of citizenship and to show the unity of all human relationships.

Text—Dole's "The New American Citizen."

(b) **History**—American—This course is a thorough review of the chief events in the development of our government and its institutions. The aim is to enable the student, by contrasting present with past conditions, to better understand our problems of today and to show them their relation to such problems.

MODERN LANGUAGE

French I

French offered in the third year is planned to give the student an accurate knowledge of the language both as written and spoken, and also to develop an appreciation for French Literature.

The work as outlined above is carried on by means of recitation, written exercises, and collateral readings. Much stress is laid, from the beginning, upon the ability of the student to express himself

directly in the language. To accomplish this end, the class is conducted as far as possible in French.

Textbook—Le Premier—Meras.

French II

French of the fourth year is a continuation of the work above, with the emphasis placed on composition and the acquiring of greater ease in interpreting French thought. Selections from the best authors are used in this course.

Latin

The four year course in Latin is arranged so as to enable the student to become acquainted with the forms and construction of Latin grammar, familiarity with standard Latin writers and a knowledge of the historical importance and beauty of the Roman Period as conveyed by such writers. It is planned also to meet entrance requirements of the standard colleges and universities of the country.

Bennett's Latin Grammar is used throughout the course.

Latin I

In the First Year, the student is drilled thoroughly in the Latin syntax and grammar, including the declension of nouns, pronouns, and adjectives, the conjugation of verbs, the inflection of adverbs and adjectives; characteristics and uses of the prepositions, conjunctions and interjections; the arrangement of phrases and clauses and sentence structure and word order, so that the student may acquire the ability to read with ease and accuracy Latin stories and extracts from Cæsar.

Textbook—Collar and Daniell's First Year Latin revised by Jenkins, supplemented by Latin Composition.

Latin II

The first four books of Cæsar's Gallic War are used during the Second Year; with stress upon characteristic arrangement of the author, the motive and historical importance of each campaign, and the common construction in use.

Textbook—Bennett's Cæsar's Gallic War.

Latin III

Cicero's Orations are read in the Third Year, including the Catilinarian Orations, Defense of Archias, Manillian Law and the Pardon of Marcellus. Emphasis is laid upon the narrative involved and the arguments advanced. A thorough review in the syntax is given also.

Textbook—Bennett's Cicero's Orations.

Latin IV

The epic poem, Virgil's *Æneid*, including the first four books and the sixth book is read during the year. The student is drilled in the work of scansion and its peculiar application to The *Æneid*. Along with the narrative, as a supplement, the myths of Greece and Rome, as found in Bulfinch's *Ages of Fables*, are studied.

Textbook—Bennett's *Virgil's Æneid*.

MATHEMATICS

The three principal aims of this department are: (1) to prepare the student for the practical application of mathematics to every day problems; (2) to develop in him power in mathematical methods of reasoning; and (3) to give him a good foundation for higher mathematics. The following courses are offered from the eighth through the eleventh grade.

First Year

Algebra I. The work of this course consists of drill in the fundamental processes, problems, fractions, equations, and much supplementary work.

Text—Wentworth and Smith's "Academic Algebra."

Second Year

Algebra II. This is a continuation of Algebra I. Common divisors, multiples, simple equations, simultaneous equations, quadratics, exponents, and problems in the form of equations are given special attention.

Text—Milne's "High School Algebra."

Third Year

Plane Geometry. This course includes a study of rectilinear figures, triangles, the circle, proportion, polygons, proportional lines, and numerical properties of figures.

The solution of original problems and figures is required throughout the course.

Text—Wentworth and Smith's "Plane Geometry."

SCIENCE

The courses of study in the Science Department are planned to give training in habits of precision in accurate observation, in

reasoning, in devices of experimentation and in an understanding of the valid grounds of proof and the logical basis of generalization.

First Year

General science offered in the first year aims to give instruction in an elementary manner in a broad and scientific field, considering physiography, biology, physics, etc. The practical side of the subject is emphasized.

Text—Caldwell & Eikenberry & Dryer.

Second Year

Biology is offered in the second year to give still a broader aspect. Various type animals are studied. The first half year is zoological in character; the second botanical. Field work will be observed.

Text—Smallwood, Beverly & Bailey's "Practical Biology."

Third Year

Physics will be offered in the third year. This subject will acquaint the student with the relation of energy and matter.

Laboratory work will be emphasized.

Text—Carhart & Chutes "First Principles of Physics."

Fourth Year

Chemistry. This year's work concerns itself with the principles on which the science is based. Stress will be laid upon certain processes and materials in their application to the commercial arts.

Text—Brownlee, Hancock, Fuller and others.

EXPENSES, PAYMENTS, ETC.

All Expenses payable in advance

1925-1926

Entrance fee	For each quarter.....	\$ 2.00
Fuel	For each quarter.....	4.00
Lights	For each quarter.....	3.00
Room rent	For each quarter.....	1.50

BOARD

Board	For each month (28 days).....	\$14.00
-------------	-------------------------------	---------

LABORATORY FEE FOR THOSE IN SCIENCE

Chemistry	\$ 4.00
Physics	2.00
Biology	2.50
General Science	2.00

PIANO MUSIC

Two lessons a week for each month.....	\$ 3.00
Use of Piano per month.....	.50

ATHELETIC FEE

Athletic fee, on entering, for each boy is \$4.00. Athletic fee, on entering, for each girl is \$2.00.

All fees are due at the beginning of each quarter. Money will not be refunded to students leaving school except for good reasons. Remittance in payment of bills should be sent by postoffice money order or registered letter, and made payable to the Principal, and not to the student.

All students who live in the dormitories will be expected to pay board, room rent, and lights as state above. Local students will be required to pay entrance and fuel fee.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$18.00 tuition. The school is sustained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least one month's expenses and the annual fees before they can be registered.

All students are required to give at least 30 minutes of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year.

Students must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No student who is behind on the books for 10 days will be admitted into the dining hall or classes.

Some of the young ladies who board in the Girls' Dormitory may reduce their expenses by washing dishes and waiting on tables regularly.

GENERAL INFORMATION

1. Object

The object of this State Normal School is the training of teachers for the Colored public schools of North Carolina.

The General Assembly of 1891 made it possible for this school to begin on January 4, 1892. The State Normal School has stood as a beacon light on the shores of Eastern Carolina from this first day school was started until now.

Many of the students of this school have made fine records in teaching, in business, and in some of the leading Universities of America.

2. Field

The State Normal School is situated in a field where great service can be rendered to our State. Since Eastern Carolina has a large group of rural people, this Eastern Section looks mainly to this school for teachers and leaders in their rural life.

3. Location

Elizabeth City is situated on the Pasquotank River, in an agricultural section where are grown many of the leading crops of our State and where this great trucking section can reach the Eastern markets by boat and train.

4. Religious Life

The Opening Exercises. The opening exercises take place in the chapel each school day from 8:55 a.m. to 9:20 a.m. The exercises consist of singing, Scripture reading and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students should attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-meeting. On Wednesday, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations. The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon at 3:30 p.m. Every student is expected to be a member of one of these associations and to be in regular attendance upon them on each Sunday afternoon. The annual fee is \$1.00.

Every student is expected to attend the Sunday school at 9:20 a.m.

5. Literary Societies

Lyceum. The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

6. Athletic Association

Athletic Association. The students have an Athletic Association, which is well attended and officered by the student body. A member of the Faculty is Director of the Association.

REGULATIONS

Students must be decent, respectful, orderly and well behaved at all times. They must obey when spoken to.

In order to promote Christian character as well as good scholarship, students must conform to habits of truthfulness and honesty of purpose, action, and work.

Students must refrain from the use of profane language, card playing, and lounging about streets. We also advise that students do not take as their associates persons, who are immoral, untruthful, and careless in their deportment.

No student will be allowed to remain in school if the school authorities find out that he has in his possession firearms. We earnestly advise that guns be left at home.

Students must be sober.

We advise students to be courteous and respectful to their instructors, fellow school mates, and to all other persons on all occasions.

There shall not be any passing up and down either one of the halls during school hours nor shall there be permitted any disorderly conduct in the building or on the campus while school is in session.

Students must keep separate on campus.

This institution positively prohibits students connected with it from the use of tobacco and the use of intoxicating liquors.

As heretofore, the boys and girls have separate play grounds for their athletic activities.

Regular and prompt attendance upon all meetings of the institution is required on the part of every student. Our boys are requested not to lounge around the Girls' Dormitories at any time, nor to be out after 7 o'clock at night.

Every student is required to attend Sunday school, Young Men's and Young Women's Christian Associations, prayer meetings and other meetings, which are planned by the institution for the benefit of the student body.

All students must obtain permission before leaving either dormitory or campus. Lady students must not be out after dark without being chaperoned.

Students who have not done satisfactory work in the Third year High School Class and whose conduct has not been commendable will not be permitted to enter the Fourth Year High School Class until there is a change for better in their general conduct and satisfactory improvement made in their class work.

Every student should attend school 180 days each year in order to be eligible for promotion.

Each student must enter school on one of the first three school days.

Fee for registration after third day will be \$1.00.

We advise that every young person own a Bible, which should be read daily and prayerfully. The cultivation of such a worth while habit would evidently add grace and beauty to the life and Christian character of our young people.

All persons desiring information respecting this institution should address their letters of inquiry to

P. W. MOORE, *Principal*,
State Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENT

All students must purchase textbooks. Please bring from \$5.00 to \$8.00 for books. Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the Dormitory should bring four sheets, two pillow-cases, blankets or quilts, towels, rubbers, parasol, wraps, soap, toothbrush, etc.

The lady teachers and the girls who do not live in Elizabeth City will room and board in the Girls' Dormitory and furnish their rooms.

Some of the girls will be given an opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

The sixth and seventh grades are now a part of the Practice School Department.

All patrons of this institution will please observe that board must be paid promptly at the beginning of each month. If any such monthly payment is not made on or before the 10th of the month for which board is due, the pupil involved is to be dropped. Each teacher and pupil will be required to pay \$14.00 per month beginning September 1925. This regulation was ordered by the Board of Trustees of the State Normal School, May 29, 1925.

Teachers will be required to pay fuel, light and room rent fees.

PRACTICE AND OBSERVATION SCHOOL

Each pupil who enters this Department will be required to pay an entrance fee of \$2.00 for the year. The following tuition will also be required:

First, second and third grades, \$1.50 per month.

Fourth and fifth grades, \$1.75 per month.

Sixth and seventh grades, \$2.00 per month.

All payments are to be made promptly.

DEPARTMENTS OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

Aim and Scope

The aim of this department is to train teachers for the elementary public schools of the State. The courses consist of two years of study in which the major emphasis is placed upon the history, principles and methods of education. The purely professional subjects are supplemented by such subject matter studies as will give the student a wider academic background for his professional equipment.

Admission Requirements

For admission to the Normal Department the applicant must be a graduate of an approved high school, or its equivalent, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

Graduation Requirements

Graduation from the Normal Department is based upon the satisfactory completion of at least 150 quarter hours of work. A quarter hour of work is a recitation occurring five times a week for twelve weeks. Five subjects may be taken concurrently; and as the school year is divided into three quarters, 75 quarter hours of credit may be acquired during each year.

Diploma and Certificate

A Diploma will be awarded to all who complete this course. Furthermore, by special arrangement those who complete the course will be granted, without an examination, a primary B or Grammar Grade B Certificate by the State Department of Public Instruction.

HIGH SCHOOL DEPARTMENT

This department aims to give a solid secondary education. Being an accredited State high school, it meets the needs both of those who desire to pursue the Normal course here, and of those who plan to take higher courses elsewhere.

Candidates for admission to the first year will be examined in English, Grammar and Composition, Arithmetic, Geography and History. Those seeking admission to higher classes must satisfy the committee on classification that they are able to pursue, profitably and successfully, the work of the class to which admission is sought.

A Diploma will be awarded to all who complete the course.

Course of Study

(Recitations in all subjects occur five times a week, 45 min.)

FIRST YEAR

Required

English I
Mathematics I
General Science
Domestic Science and
Art—Girls
Agriculture—Boys, Elective
Latin I
Community Civics
Commercial Geography

SECOND YEAR

Required

English II
Mathematics II
Domestic Science and
Art—Girls
Agriculture—Boys, Elective
Latin II
Biology
History

THIRD YEAR

Required

English III
Chemistry
Domestic Art and
Science—Girls
Agriculture—Boys, Elective
Mathematics III
Latin III or French I
History

FOURTH YEAR

Required

English IV
Physics
American History
and Civics
Domestic Art and
Science—Girls
Agriculture—Boys, Elective
Commercial and Advanced
Arithmetic
Latin IV or French II

DOMESTIC ART

This course is designed to give thorough training in both the theory and practice of sewing and dressmaking.

A four-year course in sewing is offered which gives the student a general knowledge of sewing.

First Year

Hand Sewing. Models will be made of the essential stitches, seams, worked buttonholes.

Practice work on hemming towels, napkins, making collar and cuff sets, sewing apron, laundry bag and cooking uniform.

Talks on use of thimble, needles, pins, tracing wheel, scissors, shears and tape.

Second Year

Machine Sewing. Undergarments and lingerie. Theory work on care and use of machines. Drafting analysis. Selection of materials and trimmings.

Third Year

Lingerie and tailored blouses, tailored wash skirts, plain wash dress.

Theory: Use and alteration of commercial patterns. Care and selection of clothing. Color harmony in relation to clothes. Costume and its relation to individuals. The clothing budgets and the wardrobe.

Fourth Year

Tailored woolen skirt, one piece woolen dress and silk dress. Remodeling and renovating of old clothes.

Study of Textiles. Textbook: "Textiles," by McGowan and Waite.

Junior Normal

Practice work. Models of all samples necessary for teachers of domestic art.

Theory. General review of all theory work in the High School Department.

Senior Normal

This course will be devoted entirely to theory work. In this course Methods of Teaching Sewing will be taught; special emphasis will be laid on rural school methods. Lesson plans will be discussed. Each student will be required to outline a year's course of study in sewing.

Courses will also be given in Millinery, Tailoring, Costume Design, Basketry and Weaving to any applicant.

DOMESTIC SCIENCE

First Year

The first course in cooking is based on food principles and the selection and preparations of foods. Instruction is given in the care of the kitchen furnishings and equipment.

Text. Greer's "Textbook of Cooking."

Second Year

The second year course is devoted to the study of food preservation, menu making, and home sanitation. During this course instruction in the simple processes of housewifery is continued, with special emphasis on the furnishings and care of the dining room and living room.

Text. Greer's "Textbook of Cooking."

Third Year

This course deals with dishes of a more complicated nature and with dietetics, serving and laundry work.

Text. Kinne and Cooley's "Foods and Household Management."

Fourth Year

Cooking in the fourth year deals with the amount and kinds of foods needed by the body for growth and health, invalid cookery, and school lunches.

Text. Kinne and Cooley's "Foods and Household Management."

Junior Normal

In this course a study is made of the proper nourishment of the human body, the balancing of meals, and lunch room cookery. Instruction is also given in household management and marketing.

Senior Normal

In this year the fundamentals of cooking are reviewed as a basis for practice work in teaching. Advanced work, including invalid cookery, the making of lesson plans and home making are given.

Text. Farmer's "Boston Cooking School Book," "Parloa's Home Economics."

ENGLISH

The general aims of the study of English are first, to enable the student to speak and write correctly and effectively; second to acquaint him with the best works of our leading English and American authors; third, to develop in him an appreciation for good literature and the habit of reflective reading.

English I

With the aid of oral and written composition, a review in grammar and the correct application of good form in every day writing and speaking, the students speech and writing are improved. Emphasis is placed upon sentence structure, coherent ideas and related thought. The English Note Book is a means by which all written composition is kept intact and errors discovered and corrected.

Text. Bolenius' "Every Day English Composition."

English II

The second year English is a continuation of the work of the previous year on a larger and more comprehensive scale, with stress upon theme work, narration, description, exposition and argumentation. The student becomes familiar with standard literary forms and acquires a proper appreciation of literary values.

Text. Lewis and Hosis's "Practical English."

English III

This course, designed for third year, consists of a study of the theory and practice of English composition—oral and written. All of the fundamental forms of discourse are studied, but the greatest emphasis is put upon Exposition. On the side of literature, the history of American literature is studied, and as many poems of the principal writers are studied as the time limits and reference material permit. Special topics in Grammar are reviewed.

Texts. Lewis and Hosis's "Practical English." Metcalf's "American Literature."

English IV

This course, designed for fourth year, is a continuation of the course above, so far as composition is concerned, with emphasis on Argumentative themes. The work in Composition is supplemented by a study of the history of English literature and by an appreciative study of typical examples of the various literary types. Composition based on the literature read, and practice in debate are features of this course.

Texts. Lockwood and Emerson's "Composition and Rhetoric," Metcalf's "English Literature," and Richo's "A Study of Types of Literature."

HISTORY AND CIVICS

First Year

Civics. The aim of this course is to give the pupils some idea of the theory of our government and to call attention to some of the problems in their community.

Text. Hughes' "Community Civics."

History. Early European. The aim of this course is to make a study of the Ancient Europeans—Greeks, Romans and early Germans—in their continuous struggle for a larger and freer life. The course extends up to 1700 A.D.

Text. Robinson and Breasted. Part I.

Second Year

History. Modern European. The aim of this course is to secure a thorough knowledge of the development of Western Europe from the days of Charlemagne. Special attention is given to the causes leading up to the World War.

Text. Robinson and Beard. Part II.

Third Year

(a) **Civics.** The aim of this course is to teach the ethics of citizenship and to show the unity of all human relationships.

Text. Dole's "The New American Citizen."

(b) **History.** American. This course is a thorough review of the chief events in the development of our government and its institutions. The aim is to enable the student, by contrasting present with past conditions, to better understand our problems of today and to show them their relation to such problems.

MODERN LANGUAGE

French I

French offered in the third year is planned to give the student an accurate knowledge of the language both as written and spoken, and also to develop an appreciation for French Literature.

The work as outlined above is carried on by means of recitation, written exercises, and collateral readings. Much stress is laid, from the beginning, upon the ability of the student to express himself

directly in the language. To accomplish this end, the class is conducted as far as possible in French.

Textbook. *Le Premier—Meras.*

French II

French of the fourth year is a continuation of the work above, with the emphasis placed on composition and the acquiring of greater ease in interpreting French thought. Selections from the best authors are used in this course.

Latin

The four year course in Latin is arranged so as to enable the student to become acquainted with the forms and construction of Latin grammar, familiarity with standard Latin writers and a knowledge of the historical importance and beauty of the Roman Period as conveyed by such writers. It is planned also to meet entrance requirements of the standard colleges and universities of the country.

Bennett's Latin Grammar is used throughout the course.

Latin I

In the First Year, the student is drilled thoroughly in the Latin syntax and grammar, including the declension of nouns, pronouns, and adjectives, the conjugation of verbs, the inflection of adverbs and adjectives; characteristics and uses of the prepositions, conjunctions and interjections; the arrangement of phrases and clauses and sentence structure and word order, so that the student may acquire the ability to read with ease and accuracy Latin stories and extracts from Cæsar.

Textbook. Collar and Daniell's First Year Latin revised by Jenkins, supplemented by Latin Composition.

Latin II

The first four books of Cæsar's Gallic War are used during the Second Year; with stress upon characteristic arrangement of the author, the motive and historical importance of each campaign, and the common construction in use.

Textbook. Bennett's Cæsar's Gallic War.

Latin III

Cicero's Orations are read in the Third Year, including the Catilinarian Orations, Defense of Archias, Manillian Law and the Pardon of Marcellus. Emphasis is laid upon the narrative involved and the arguments advanced. A thorough review in the syntax is given also.

Textbook. Bennett's Cicero's Orations.

Latin IV

The epic poem, Virgil's *Æneid*, including the first four books and the sixth book is read during the year. The student is drilled in the work of scansion and its peculiar application to the *Æneid*. Along with the narrative, as a supplement, the myths of Greece and Rome, as found in Bulfinch's *Ages of Fables*, are studied.

Textbook. Bennett's Virgil's *Æneid*.

MATHEMATICS

The three principal aims of this department are: (1) to prepare the student for the practical application of mathematics to every day problems; (2) to develop in him power in mathematical methods of reasoning; and (3) to give him a good foundation for higher mathematics. The following courses are offered from the eighth through the eleventh grade.

First Year

Algebra I. The work of this course consists of drill in the fundamental processes, problems, fractions, equations, and much supplementary work.

Text. Wentworth and Smith's "Academic Algebra."

Second Year

Algebra II. This is a continuation of Algebra I. Common divisors, multiples, simple equations, simultaneous equations, quadratics, exponents, and problems in the form of equations are given special attention.

Text. Milne's "High School Algebra."

Third Year

Plane Geometry. This course includes a study of rectilinear figures, triangles, the circle, proportion, polygons, proportional lines, and numerical properties of figures.

The solution of original problems and figures is required throughout the course.

Text. Wentworth and Smith's "Plane Geometry."

SCIENCE

The courses of study in the Science Department are planned to give training in habits of precision in accurate observation, in reasoning, in devices of experimentation and in an understanding of the valid grounds of proof and the logical basis of generalization.

First Year

General science offered in the first year aims to give instruction in an elementary manner in a broad and scientific field, considering physiography, biology, physics, etc. The practical side of the subject is emphasized.

Text. Caldwell & Eikenberry & Dryer.

Second Year

Biology is offered in the second year to give still a broader aspect. Various type animals are studied. The first half year is zoölogical in character; the second botanical. Field work will be observed.

Text. Smallwood, Beverly & Bailey's "Practical Biology."

Third Year

Physics will be offered in the third year. This subject will acquaint the student with the relation of energy and matter.

Laboratory work will be emphasized.

Text. Carhart & Chutes "First Principles of Physics."

Fourth Year

Chemistry. This year's work concerns itself with the principles on which the science is based. Stress will be laid upon certain processes and materials in their application to the commercial arts.

Text. Brownlee, Hancock, Fuller and others.

Graduation

15 units are required for graduation as follows:

Science	1 unit
History	2 units
Foreign Language	2 units
English	4 units
Mathematics	2 units
Elective	4 units

LATE REGISTRATION FEE

Registration after 3 days, extra fee-----	\$ 1.00
---	---------

PIANO MUSIC

Two lessons a week for each month-----	\$ 3.00
Use of Piano per month-----	.50

ATHLETIC FEE

Athletic fee, on entering, for each boy is \$4.00. Athletic fee on entering, for each girl is \$2.00.

WHEN AND HOW TO PAY

All fees are due at the beginning of each quarter. Money will not be refunded to students leaving school except for good reasons. Remittance in payment of bills should be sent by postoffice money order or registered letter, and made payable to the Principal, and not to the student.

All students who live in the dormitories will be expected to pay board, room rent, and lights as stated above. Local students will be required to pay entrance and fuel fees.

Special attention is called to the expenses of the school.

All students, whether boarders or day pupils, must pay at least one month's expenses and the annual fees before they can be registered.

All students are required to give at least 30 minutes of service to the school each day, or its equivalent.

All old accounts must be settled before entering for the new year.

Students must pay for any damage to furniture or buildings resulting from carelessness.

The school year consists of nine months of four weeks each. No student who is behind on the books for 10 days will be admitted into the dining hall or classes.

Some of the students who board in the dormitories may reduce their expenses by doing work needed in various departments of the institution.

TUITION

Tuition in the Normal School Department is free to those who live in North Carolina and intend to teach in the public schools of North Carolina. Those who do not intend to teach must pay \$18.00 tuition. The school is maintained for the purpose of training teachers for the public schools. It is only just and right that those who take advantage of the school and who do not intend to teach shall pay the tuition charges.

PRACTICE AND OBSERVATION SCHOOL

Each pupil who enters this Department will be required to pay an entrance fee of \$2.00 for the year. The following tuition will also be required:

First, second and third grades, \$1.50 per month.

Fourth and fifth grades, \$1.75 per month.

Sixth and seventh grades, \$2.00 per month.

All payments are to be made promptly.

GENERAL INFORMATION

1. OBJECT

The object of this State Normal School is the training of teachers for the Colored public schools of North Carolina.

The General Assembly of 1891 made it possible for this school to begin on January 4, 1892. The State Normal School has stood as a beacon light on the shores of Eastern North Carolina from the first day school was started until now.

Many of the students of this school have made fine records in teaching, in business, and in some of the leading Universities of America.

2. FIELD

The State Normal School is situated in a field where great service can be rendered to our State. Since Eastern Carolina has a large group of rural people, this Eastern Section looks mainly to this school for teachers and leaders in their rural life.

3. LOCATION

Elizabeth City is situated on the Pasquotank River, in an agricultural Section where are grown many of the leading crops of our State and where this great trucking section can reach the Eastern markets by boat and train.

4. RELIGIOUS LIFE

The Opening Exercises. The opening exercises take place in the chapel each school day from 8:55 a.m. to 9:20 a.m. The exercises consist of singing, Scripture reading and prayer. Short talks are occasionally made on important topics by the Principal, and members of the faculty. Important announcements are also made during the opening period. The Faculty as well as the students should attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises. An attentive, respectful attitude is required.

Prayer-meeting. On Wednesday, after school, the students and Faculty devote a short time to a well-conducted prayer-meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way which no other meeting can do.

Christian Associations. The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon at 3:30 p.m. Every student is expected to be a member of one of these associations and to be in regular attendance upon them on each Sunday afternoon. The annual fee is \$1.00.

Every student is expected to attend the Sunday school every Sunday morning unless providentially hindered.

5. LITERARY SOCIETIES

Lyceum. The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

6. ATHLETIC ASSOCIATION

Athletic Association. The students have an Athletic Association, officered by the student body and under the direction of faculty advisors.

REGULATIONS

Students must be decent, respectful, orderly and well behaved at all times. They must obey cheerfully when spoken to.

In order to promote Christian character as well as good scholarship, students must conform to habits of truthfulness and honesty of purpose, action, and work.

Students must refrain from the use of profane language, card playing, and lounging about streets. Students should not associate with persons who are immoral, untruthful and careless in their deportment.

No student will be allowed to remain in school if the school authorities find out that he has in his possession firearms. We earnestly advise that guns be left at home.

Students must be sober.

We advise students to be courteous and respectful to their instructors, fellow school mates, and to all other persons on all occasions.

There shall not be any passing up and down either one of the halls during school hours nor shall there be permitted any disorderly conduct in the building or on the campus while school is in session.

Students must keep separate on campus.

This institution positively prohibits students connected with it from the use of tobacco and the use of intoxicating liquors.

The boys and girls have separate play grounds for their athletic activities and other activities and are requested to remain on their respective territories.

Regular and prompt attendance upon all meetings of the institution is required on the part of every student. Boys must not lounge around the Girl's Dormitories at any time.

Every student is required to attend promptly and regularly Sunday school, Young Men's and Young Women's Christian Associations, prayer meetings, which are planned by the institution for the benefit of the student body.

All students must obtain permission before leaving either dormitory or campus. Students must never be out without permission or chaperon. Hours will be fixed when all students must be in their rooms.

Students who have not done satisfactory work in the Third year High School Class and whose conduct has not been commendable will not be permitted to enter the Fourth Year High School Class until there is a change for better in their general conduct and satisfactory improvement made in their class work.

Every student should attend school 180 days each year in order to be eligible for promotion.

12 STATE COLORED NORMAL AND INDUSTRIAL SCHOOL

Each student must enter school on one of the first three school days.

Fee for registration after third day will be \$1.00.

We advise that every young person own a Bible, which should be read daily and prayerfully. The cultivation of such a worth while habit would evidently add grace and beauty to the life and Christian character of our young people.

All persons desiring information respecting this institution should address their letters of inquiry to

P. W. MOORE, Principal,
State Normal School,
Elizabeth City, N. C.

IMPORTANT STATEMENT

All students must purchase textbooks. Please bring from \$5.00 to \$8.00 for books. Board must be paid in advance in order that we may have money with which to run the boarding department.

Each young woman who rooms in the Dormitory should bring four sheets, two pillow-cases, blankets or quilts, towels, rubbers, umbrella, wraps, soap, toothbrush, etc.

The lady teachers and the students who do not live in Elizabeth City will room and board in the dormitories and furnish their rooms.

Instructors will be required to pay the same board, room rent, fuel and light fees as students. If special board is required, an additional proportionate charge will be made.

Some of the students will be given an opportunity to work, which will reduce their board bill.

Enter school on the first day and remain until the session closes.

Not more than 30 pupils may be admitted to the sixth and seventh grades of the Practice and Observation School this year.

By order of the Board of Trustees there will be no eight grade or first-year high school class maintained by this institution.

SPECIAL NOTICE

All patrons of this institution will please observe that board must be paid promptly at the beginning of each month. If any such monthly payments are not made on or before the 10th of the month for which board is due the pupils involved are to be dropped. Each teacher and pupil will be required to pay \$14.00 per month beginning September 1926. This regulation was ordered by the Board of Trustees of the State Normal School, May 29, 1925. Remember four weeks or 28 days make a boarding month and kindly arrange to pay promptly.

No reduction will be made in board or fees for students who are late entering.

Teachers will be required to pay \$16.00 per month for board

DEPARTMENT OF INSTRUCTION AND COURSES OF STUDY

NORMAL DEPARTMENT

AIM AND SCOPE

The aim of this department is to train teachers for the elementary public schools of the State. The courses consists of two years of sthdy in which the major emphasis is placed upon the history, principles and methods of education. The purely professional subjects are supplemented by such subject matter studies as will give the student a wider academic background for his professional equipment

ADMISSION REQUIREMENTS

For admission to the Normal Department the applicant must be a graduate of an approved high school, or its equivalent, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

GRADUATION REQUIREMENTS

Graduation from the Normal Department is based upon the satisfactory completion of at least 150 quarter hours of work. A quarter hour of work is a recitation occurring ^{five} times a week for twelve weeks. Five subjects may be taken concurrently; and as the school year is divided into three quarters, 75 quarters hours of credit may be acquired during each year.

DIPLOMA AND CERTIFICATE

A Diploma will be awarded to all who complete this course. Furthermore, by special arrangement those who complete the course will be granted, without examination, a primary B or grammar Grade B Certificate by the State Department of Public Instruction.

PRACTICE TEACHING

Practice School of seven elementary grades is maintained on the campus under the direction of trained critic teachers to provide student teachers with instructive observation, participation, and practice. Thus students learn to teach by teaching under supervision and guidance,

HIGH SCHOOL DEPARTMENT

This department aims to give a solid secondary education. Being an accredited State high school, it meets the needs both of those who desire to pursue the Normal course here, and of those who plan to take higher courses elsewhere.

Candidates for admission to the second, third, and the fourth years will be examined in English, Grammar and Composition, Arithmetic, Geography and History. Those seeking admission to higher classes must satisfy the committee on classification that they are able to pursue, profitably and successfully, the work of the class to which admission is sought.

No first-year high school class will be maintained in this institution.

A Diploma will be awarded to all who complete the course.

COURSE OF STUDY

(Recitations in all subjects occur five times a week, 45 minutes.)

SECOND YEAR

Required

English II
Mathematics II
Domestic Science and
Art—Girls
Agriculture—Boys, Elective
Latin II
Biology/
History

THIRD YEAR

Required

English III
Chemistry
Domestic Art and
Science—Girls
Agriculture—Boys, Elective
Mathematics III
Latin III or French I
History

FOURTH YEAR

Required

English IV
Physics
American History
and Civics
Domestic Art and
Science—Girls
Agriculture—Boys, Elective
Commercial and Advanced
Arithmetic
Latin IV or French II

DOMESTIC ART

This course is designed to give thorough training in both the theory and practice of sewing and dressmaking.

A three-year course in sewing is offered which gives the student a general knowledge of sewing.

SECOND YEAR

Hand Sewing. Models will be made of the essential stitches, seams, worked buttonholes.

Practice work on hemming towels, napkins, making collar and cuff sets, sewing apron, laundry bag and cooking uniform.

Talks on use of thimble, needles, pins, tracing wheel, scissors, shears and tape.

Machine Sewing. Undergarments and lingerie. Theory work on care and use of machines. Drafting analysis. Selection of materials and trimmings.

THIRD YEAR

Lingerie and tailored blouses, tailored wash skirts, plain wash dress.

Theory: Use and alteration of commercial patterns. Care and selection of clothing. Color harmony in relation to clothes. Costume and its relation to individuals. The clothing budgets and the wardrobe.

FOURTH YEAR

Tailored woolen skirt, one piece woolen dress and silk dress. Remodeling and renovating of old clothes.

Study of Textiles. Textbook: "Textiles," by McGowen and Waite.

JUNIOR NORMAL

Practice work. Models of all samples necessary for teachers of domestic art.

Theory. General review of all theory work in the High School Department.

SENIOR NORMAL

This course will be devoted entirely to theory work. In this course Methods of Teaching Sewing will be taught; special emphasis will be laid on rural school methods. Lesson plans will be discussed. Each student will be required to outline a year's course of study in sewing.

Courses will be given in Millinery, Tailoring, Costume Design, Basketry and Weaving to any applicant.

DOMESTIC SCIENCE

SECOND YEAR

The first course in cooking is based on food principles and the selection and preparations of foods. Instruction is given in the care of the kitchen furnishings and equipment.

The second year course is devoted to the study of food preservation, menu making, and home sanitation. During this course instruction in the simple processes of housewifery is continued, with special emphasis on the furnishings and care of the dining room and living room.

Text. Greer's "Textbook of Cooking".

THIRD YEAR

This course deals with dishes of a more complicated nature and with dietetics, serving and laundry work.

Text. Kinne and Cooley's "Foods and Household Management."

FOURTH YEAR

Cooking in the fourth year deals with the amount and kinds of foods needed by the body for growth and health, invalid cookery, and school lunches.

Text. Kinne and Cooley's "Foods and Household Management."

JUNIOR NORMAL

In this course a study is made of the proper nourishment of the human body, the balancing of meals, and lunch room cookery. Instruction is also given in household management and marketing.

SENIOR NORMAL

In this year the fundamentals of cooking are reviewed as a basis for practice work in teaching. Advanced work, including invalid cookery, the making of lesson plans and home making are given.

Texts. Farmer's "Boston Cooking School Book," "Parloa's Home Economics."

ENGLISH

The general aims of the study of English are first, to enable the student to speak and write correctly and effectively; second to acquaint him with the best works of our leading English and American authors; third, to develop in him an appreciation for good literature and the habit of reflective reading.

ENGLISH II

The second year English is a continuation of the work of the previous year on a larger and more comprehensive scale, with stress upon theme work, narration, description, exposition and argumentation. The student becomes familiar with standard literary forms and acquires a proper appreciation of literary values.

ENGLISH III

This course, designed for third year, consists of a study of the theory and practice of English composition—oral and written. All of the fundamental forms of discourse are studied, but the greatest emphasis is put upon exposition. On the side of literature, the history of American literature is studied, and as many poems of the principal writers are studied as the time limits and reference material permit. Special topics in Grammar are reviewed.

Texts. Lewis and Hosic's "Practical English," "Metcalf's "American Literature."

ENGLISH IV

This course, designed for fourth year, is a continuation of the course above, so far as composition is concerned, with emphasis on Argumentative themes. The work in Composition is supplemented by a study of the history of English literature and by an appreciative study of typical examples of the various literary types. Composition based on the literature read, and practice in debate are features of this course.

Texts. Lockwood and Emerson's "Composition and Rhetoric," Metcalf's "English Literature," and Richo's "A Study of Types of Literature."

HISTORY AND CIVICS

SECOND YEAR

History Modern European. The aim of this course is to secure a thorough knowledge of the development of Western Europe from the days of Charlemagne. Special attention is given to the causes leading up to the World War.

Text. Robinson and Beard. Part II.

THIRD YEAR

(a) Civics. The aim of this course is to teach the ethics of citizenship and to show the unity of all human relationships.

Text. Dole's "The New American Citizen."

(b) History. American. This course is a thorough review of the chief events in the development of our government and its institutions. The aim is to enable the student, by contrasting present with past conditions, to better understand our problems of today and to show them their relation to such problems.

MODERN LANGUAGE

FRENCH I

French offered in the third year is planned to give the student an accurate knowledge of the language both as written and spoken, and also to develop an appreciation for French Literature.

The work as outlined above is carried on by means of recitation, written exercises, and collateral readings. Much stress is laid, from the beginning, upon the ability of the student to express himself directly in the language. To accomplish this end, the class is conducted as far as possible in French.

Textbook. Le Premier—Meras.

FRENCH II

French of the fourth year is a continuation of the work above, with the emphasis placed on composition and the acquiring of greater ease in interpreting French thought. Selections from the best authors are used in this course.

LATIN

The four year course in Latin is arranged so as to enable the student to become acquainted with the forms and construction of Latin grammar, familiarity with standard Latin writers and a knowledge of the historical importance and beauty of the Roman Period as conveyed by such writers. It is planned also to meet entrance requirements of the standard colleges and universities of the country.

Bennett's Latin Grammar is used throughout the course.

LATIN II

The first four books of Caesar's Gallic War used during the Second Year; with stress upon characteristic arrangement of the author, the motive and historical importance of each campaign, and the common construction in use.

Textbook. Bennett's Caesar's Gallic War.

LATIN III

Cicero's Orations are read in the Third Year, including the Catilinarian Orations, Defense of Archias, Manillian Law and the Pardon of Marcelius. Emphasis is laid upon the narrative involved and the arguments advanced. A thorough review in the syntax is given also.

Textbook. Bennett's Cicero's Orations.

LATIN IV

The epic poem. Virgil's *Æneid*, including the first four books and the sixth book is read during the year. The student is drilled in the work of scansion and its peculiar application to the *Æneid*. Along with the narrative, as a supplement, the myths of Greece and Rome, as found in Bulfinch's *Ages of Fables*, are studied.

Textbook. Bennett's Virgil's *Æneid*.

MATHEMATICS

The three principal aims of this department are: (1) to prepare the student for the practical application of mathematics to every day problems; (2) to develop in him power in mathematics methods of reasoning; and (3) to give him a good foundation for higher mathematics. The following courses are offered from the ninth through the eleventh grade.

SECOND YEAR

Algebra II. This is a continuation of Algebra I. Common divisors, multiples, simple equations, simultaneous equations, quadratics, exponents, and problems in the form of equations are given special attention.

Text. Milne's "High School Algebra."

THIRD YEAR

Plane Geometry. This course includes a study of rectilinear figures, triangles, the circle, proportion, polygons, proportional lines, and numerical properties of figures.

The solution of original problems and figures is required throughout the course.

Text. Wentworth and Smith's "Plane Geometry."

SCIENCE

The courses of study in the Science Department are planned to give training in habits of precision in accurate observation, in reasoning, in devices of experimentation and in an understanding of the valid grounds of proof and the logical basis of generalization.

SECOND YEAR

Biology is offered in the second year to give still a broader aspect. Various type animals are studied. The first half year is zoological in character; the second botanical. Field work will be observed.

Text. Smallwood, Beverly & Bailey's "Practical Biology."

THIRD YEAR

Physics will be offered in the third year. This subject will acquaint the student with the relation of energy and matter.

Laboratory work will be emphasized.

Text. Carhart & Chutes "First Principles of Physics."

FOURTH YEAR

Chemistry. This year's work concerns itself with the principles on which the science is based. Stress will be laid upon certain processes and materials in their application to the commercial arts.

Text. Brownlee, Hancock, Fuller and others.

GRADUATION

15 units are required for graduation as follows:

Science	1 unit
History	2 units
Foreign Language	2 units
English	4 units
Mathematics	2 units
Elective	4 units
